About Us

We are a family-owned manufacturer of outdoor gifts, home decor, Holiday beverage, and tabletop gifts. In business for over 25 years, originally as a distributor to the birding, garden and hardware store channel. We have grown through acquisitions and developed into a major manufacturer and supplier to the gift industry.

We are centrally and strategically located in the United States in Missouri. Most retailers are no more than 3 shipping days away. Over the years as we have grown our business, we have held to a core philosophy in everything we do:

"Treat others as you want to be treated."

"We fundamentally believe that if our customers are successful, we will be successful."

GLASS HOLIDAY TREES

Our beautiful handmade glass trees with removable ornaments have long been favorite gifts for people in nursing homes, hospitals, teachers and co-workers. Many people no longer go through the trouble of putting up a large tree - they are able to keep the spirit of Christmas alive in their home with our miniature glass trees. Our small trees are still made by the same skilled craftsmen that Lanny and Linda Altshuler worked with in 2003 when their company LS Arts introduced these trees to America.

Birds of Your State

Create a breathtaking product display with birds of your state hand-picked by our birding experts and designed for your location.
We offer over 100 wild bird ornaments from the Cobane, Fisher Wildlife and BrushArt™ by Gift Essentials collections which cover all artistic preferences and budgets.
Customers will love creating their own tree featuring birds they have seen in their very own backyard.
Advanced birders will enjoy going beyond their backyard and adding the rare and uncommon birds they have spotted.

The Gift Essentials handmade, blown glass ornament line was founded by Margaret Cobane. She has been designing blown glass ornaments for 20 years. Margaret designs the ornaments and a chosen artisan first creates a sculpture which must be approved by Margaret before a glass mold is made. From Margaret's color design another factory artisan hand paints the glass mold, to create the original blown glass ornament sample. These are then hand blown and painted by talented craftsmen who have learned that the Cobane painted ornaments are the most lifelike and accurate wild birds and animals (as well as fun Holiday Presents) available in the world. The resulting birds have graced the cover of the National Wildlife Federation Catalog for many years. Margaret continues to create the new designs for Gift Essentials we bring you in this catalog.

BrushArt™ animals are the "Original – Real Buri". Originally sourced from villagers in the Philippines by Vera and John Whalen. We still source the Brush Art Products from the same village.

Each BrushArt™ creation is hand made from the most superabundant and self-regenerating of natural materials. Most important to a BrushArt™ animal is the buri sugar palm. This tall palm tree, common throughout the Philippines, has many uses: but it is the long, thick leaf stems that provide the fiber from which the body of a BrushArt™ animal is made.

BrushArt™ animals make delightful and imaginative gifts. You can bend them into different lifelike positions—just hold firmly between your palms and twist!
