WENKO®

THE BETTER IDEA

Our products are more than “just” practical and attractive. We also place the greatest importance on having that special something. Good handling, mature concepts, and last but not least extraordinary design all characterize WENKO products. The creative standards, which not only design the outer appearance, but also the “inner values”, providing the practical core of each and every one of our products, come from many different people. All of these numerous and versatile influences contribute to giving our products their own unique character that makes them “The Better Idea”.
