MARTIN'S HOME WARES™

January 2018

Martin's Home Wares is a division of Martin's Furniture, a third generation family owned company. We've been in business since 1960 in Lancaster County, PA.

Quality and unsurpassed craftsmanship is the hallmark of our home collections. We understand wood and it's idiosyncrasies, and respect each piece as a natural work of art. The variation of color and grain in the wood of each tree is unique. We know how to interpret these variations into handcrafted products that are simple, modern, and beautiful.

Because of our detailed production practices and high quality FDA approved finishes, our products are created to last for generations.

Since our beginning in 1960 we've conducted our business in a respectful manner. This includes carefully choosing our sourcing partners to insure we obtain hardwoods that have been responsibly grown and harvested.

We recycle our wood by-products into animal bedding for our local farmers, or into fuel to heat our buildings.
