MEALTIME HOMECRAFT™

Gathering with friends and family while sharing a good meal is one of life's simplest pleasures. To make these moments possible, HomeCraft™ appliances seek to make it easier to cook for and feed a hungry crowd and replenish their empty pint glasses.

Whether meal time or party time, these are essential everyday appliances that not only look good in the kitchen, but also make crafting dinner a stress-free process. Eliciting feelings of warmth and togetherness, each HomeCraft appliance aims to make these occasions special and significant, just as they ought to be.

CBG64
HomeCraft™ Beer Growler

This 64-ounce double-walled vacuum insulated growler is outfitted with a pull tap and quick-connect regulator so you can drink tap-fresh craft beer for up to 30 days! Works with 16g threaded CO2 or N2O cartridges.

KRS2100
Kegorator™ Draft Beer Dispenser

Enjoy cold beer anytime. Accommodates ½ barrel or ¼ barrel kegs. Features black exterior and four rolling casters for portability. Approved for commercial use.

KRS2150
Stainless Steel Kegorator™ Draft Beer Dispenser

Enjoy cold beer anytime. Accommodates ½ barrel or ¼ barrel kegs. Features stainless steel finish and four rolling casters for portability. Approved for commercial use.

CBD5SS
HomeCraft™ Stainless Steel On Tap Beer Growler System

This tabletop growler system works with 5-liter pressurized or non-pressurized gravity kegs to dispense your favorite craft beer and keep it fresh for up to 30 days. Uses standard 16g CO2 and N2O cartridges.

CBD5
HomeCraft™ On Tap Beer Growler System

This tabletop growler system works with 5-liter pressurized or non-pressurized gravity kegs to dispense your favorite craft beer and keep it fresh for up to 30 days. Uses standard 16g CO2 and N2O cartridges.

INF2C
HomeCraft™ Sangria Infuser

Stirring paddles rotate to quicken the infusion process, allowing the flexibility to quickly offer two signature drinks at a time. Dispensers unstack for easy refrigerator storage.

WC8BK

WC8BK
8-Bottle Thermal Electric
Wine Cooler

This sleek and modern wine cooler keeps 8 wine bottles cool and on display. With an easily adjustable temperature display and bright interior lighting, this unit makes a stylish addition to any home.

WC12BK

WC12BK
12-Bottle Thermal Electric
Wine Cooler

This sleek and modern wine cooler keeps 12 wine bottles cool and on display. With an easily adjustable temperature display and bright interior lighting, this unit makes a stylish addition to any home.

CU30SS

CU30SS
30 Cup Stainless Steel Coffee Urn

Perfect when hosting large gatherings, or for use in offices, lounges and cafes. This striking and durable coffee urn brews a cup a minute and dispenses up to 30 cups of coffee per brewing cycle. Keeps coffee hot for hours.

CU55C

CU55C
55 Cup Copper Coffee Urn

Perfect when hosting large gatherings, or for use in offices, lounges and cafes. This striking and durable coffee urn brews a cup a minute and dispenses up to 55 cups of coffee per brewing cycle. Keeps coffee hot for hours.

GD20C
19-Inch Non-Stick Griddle with
Warming Drawer

Cook, warm and serve foods with this sleek, stylish griddle. The copper-coated grill plate is naturally non-stick and allows for superior heat conductivity. Warming tray easily slides out from beneath the unit.

GR13C
Electric Indoor BBQ Grill
with Non-Stick Copper

With a temperature range of 325°F – 500°F, this indoor grill is perfect for cooking steaks, burgers, fish, chicken, and vegetables. The removable slotted grill plate not only make cleanup easy, it allows grease and fat to drip away for a healthy and convenient meal.

SG12C
12-Inch Copper
Skillet & Griddle

Outfitted with a removable skillet and griddle cooking surface, this versatile cooker can be used for any meal. The copper-coated surfaces are naturally non-stick which makes cleanup quick and simple. Included with the skillet is a tempered glass lid with steam vent.

DCB15
Deluxe Stainless Steel
Cook & Serve Buffet

Entertain and serve large groups in style! No matter the occasion, this buffet has three 1.5 quart removable trays that can warm or cook foods for a crowd. Individual thermostats can be adjusted for each tray to serve food at the perfect temperatures.
