### **COMBAT MILDEW AND BUGS . . .**

Cedar Fresh® offers the highest quality cedar home storage products. Its products are made from 100% eastern red cedarwood harvested in the U.S.A. This self-renewing, non-endangered resource naturally freshens and protects homes against moths, mildew and mustiness.

### **WITHOUT CHEMICALS, . . .**

Real cedar provides a natural, eco-friendly alternative to chemical moth balls, air fresheners and storage accessories. This commitment started over a quarter of a century ago and remains strong today.

### **FROM A NAME YOU CAN TRUST: CEDAR FRESH.**

We are proud to be the leader in cedar accessories. We invented the lavender infused cedar process for products that combine the fresh scent of cedar with the soothing scent of lavender. Take a look at our products and see how we make it easy to be green and clean.

## **Sand Paper Education**

Oils in the cedar wood itself give cedar its fragrance to help fight moths and mildew.

As cedar ages, its surface oils evaporate. Restore cedar's scent by lightly sanding cedar's surface with sandpaper.

Or spray surfaces with Cedar Power Spray™, also available from Cedar Fresh.

## Eastern Red Cedar

Aromatic Eastern Red Cedar is the safe, effective, and all-natural alternative to foul smelling and dangerous chemical products. Unlike volatile chemical moth balls and air fresheners that literally evaporate, Cedar Fresh products can be renewed over and over again. Cedar is the right choice for today's environmentally conscious and performance demanding consumer. And only Cedar Fresh cedar is guaranteed to be the freshest and most effective cedar your customer can buy.

People in America have been using Aromatic Eastern Red Cedar for centuries. Cedar Fresh eastern red cedar is safe, effective, and all-natural. It is a naturally self-renewing and naturally environmentally sustainable resource. It has been scientifically proven effective to naturally and safely protect against moths, mildew, and mustiness. 30 years ago Cedar Fresh brought the use of this product to the storage accessories market and thus expanding the category of cedar storage accessories.

Our cedar is cut fresh and then quickly packaged to ensure that our product is always the freshest, most aromatic, and most effective cedar the customer can buy.

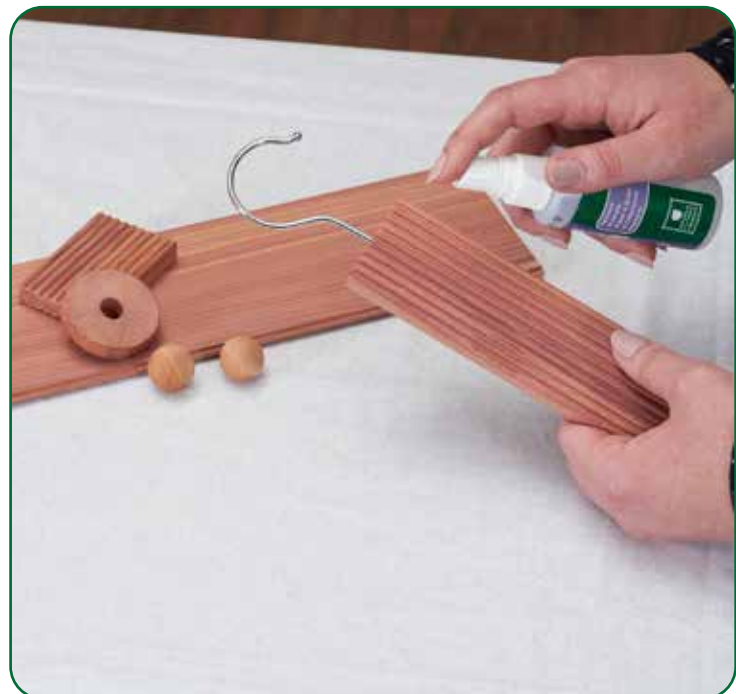

**When your customer buys Cedar Fresh they know it's fresh cedar!**

Eastern red cedar grows only one place in the world: the southeastern U.S. So before people in Europe had access to our eastern red cedar, they used natural lavender. This inspired Cedar Fresh to begin the process of infusing natural cedar with natural lavender essence to create: lavender infused cedar. Our natural lavender infused cedar gives you double the freshness.

## Cedar Power Spray

Cedar Fresh invented Cedar Power Spray™ and Cedar & Lavender Power Spray™ to freshen and renew the aromatics of all cedar wood products. Simply spray on unfinished cedar wood surfaces and allow to dry.

Our sprays are also wonderful natural deodorizers. They are great for use around pet bedding. Cedar Fresh sprays, with our Trade Secret formula, are truly 'The Original, The Best'.

Boxes, Bins, and Bags

Closet Storage

Drawer Storage

Which cedar products work best?	Balls, blocks, & cubes; Sachets	Hangers, hang-ups, blocks & cubes	Sachets, balls, and blocks
How often do I need to refresh?	6 months - 1 year; 6 months - 1 year; time varies with humidity and exposure to open air	Annually; time varies with humidity and exposure to open air	6 months - 1 year; time varies with humidity and exposure to open air
FAQ:	DOES CEDAR GET RID OF MOTHS? Yes and no. It kills moth larvae and deters adults, but it does NOT kill adult moths already there. It prevents more moths from growing up.	HOW DOES CEDAR WORK? Bugs and clothing moths dislike the oil naturally found in eastern red cedar. Because of that, it works to keep them away from things like clothing. Cedar also absorbs odor and moisture, 2 other challenges in clothing storage.	HOW DO I MAKE THE SCENT STRONGER? Sand cedar lightly with sand paper. Or, use Cedar Power Spray, but be sure to let it dry all the way before putting cedar with clothing.
