Company Overview

Taisun Ceramics is a private hold company that integrates manufacture, R&D and international trade. It was established in July 2000 and now has over 1000 employees. The company revenue is around 16 million USD, with an annual output of 17 million pieces. Our main products: stoneware dinnerset, coffee mugs, canister, teapots& pitchers. Customer satisfaction is our ultimate goal, and we will try our best to make your sourcing experience ease and pleasant.

We place top priority on the "people-oriented" talent acquisition philosophy; while implement the "excellent quality comes from every compliance" quality policy to ensure that our products serve our customer with sincerity consistently.

Our president, Mr. David Pan, welcomes worldwide experts, scholars, and clients to Taisun, and we are looking forward to working with you for the better performance of your ceramic needs!
