

A woman with long blonde hair and bangs, wearing a grey sweater and blue jeans, is smiling and pouring water from a clear Hydros pitcher into a glass. The glass has a lemon slice on the rim. The background is a kitchen with white subway tiles and a stainless steel range hood.

hydros[®]

FAST-FLO TECH[™]

With a commitment to sustainability and the most intuitive approach to hydration for today's modern lifestyle.

Freshly Filtered Water Everywhere — Fast!

Hydros Multi Filter™ reduces over 93% of Chlorine and 99% of Sediment (Particulate Class 1). They also tested **5x faster than the leading brands.**

Fills 20 ounces in about **20 seconds**

Fills 40 ounces in about **40 seconds**

Fills 64 ounces in about **1 minute**

Just one Hydros Multi Filter™ fits all 3 Hydros vessels

Our filters are made from 100% coconut shell charcoal in a BPA free casing. This is unlike many comparable products that have added plastic resin in their filters, making our products safer for you and the environment! Hydros also donates a portion of all sales to help protect and restore oceans.

The sustainable solution for drinking water

2000x

bottle water 2000x more expensive than tap water

1000 YRS

years to break down

\$350

bottle a day--\$350 a year per person

70%

of plastic bottles are unrecycled
