The Rapid Slicer is the fastest and safest way to slice a multitude of small fruits and vegetables such as **cherry tomatoes, grapes, olives**, or small **potatoes** in half. It provides a safe and stable platform for evenly slicing **shrimp** and **meats**, such as **chicken** breasts into thin, even cutlets. Works great for slicing **bagels** and **English muffins**.

EASY AS 1, 2, 3!

1 Fill base with food to be sliced in half.

2 Gently hold lid on food and slice across horizontally.

3 Lift lid to reveal sliced foods. *That was fast!*
