

Mangiamo (2K & 1K Lunch Box)

Mangiamo, meaning "Let's Eat" in Italian, is Unica's range of Lunch & Tiffin boxes. With inputs from our core homemaker's team, we decided to give the flexibility to you to carry Roti - a Bhajji and maybe Dal. With the self-locking spoon and fork which comes along with this lunch box, there is no need to carry it separately. Be it Indian cuisine or Chinese or Italian or just plain salads or for that matter just plain sandwiches.
