This is the first-of-its-kind Mini 360° spill free drinking valve featured on a stylish **baby-familiar shaped** TRITAN™ bottle.

The smaller 360° valve provides an **age and skills suitable** drinking function for those little mouths and faces and an easier and more **natural transition** into the larger baby and kids 360 cups. And its trendy baby-familiar bottle shape makes it **super easy for those little hands to grab**.

We've even included a travel lid to keep the drinking surface clean during storage in lunch boxes, carry bags and backpacks. Great for a **transition or everyday active lifestyle drinking** bottle for home, school and on-the-go. The WOW CUP MINI is sure to become **your go-to drinking bottle for babies and toddlers**.

WOW GEAR

the experts in 360 drinking

In 2012 we revolutionized the 360° category when we introduced the original 360° WOW CUP® to parents and children around the world. As **The Experts in 360° Drinking** we have been hard at work building the next generation of 360° drinking cups. The WOW CUP®

Family has been developed as an **age and skills suitable 360° drinking system** with innovative features and functions that provide families with the highest quality drinking cup system and BEST overall 360° drinking experience available today.

Our Family line starts at 6 and 9 months with Mini and Baby. They both feature ergonomic designed cups and bottles for easy gripping and different sized drinking valves to **best match a child's size and skillsets**. Our Kids cups **start** at 12 months and extend to the teen years with a cool trendy design and grown-up styled cup.

All the WOW CUP® Family of cups showcase colorful designs and added innovative features that include fully **interchangeable** cups, valve collars and valves (Baby and Kids), modern and colorful **Child Safe TRITAN™** cups and bottles, **Gasket-Free** assembly with no hidden areas to get all grimy. And, they are all still packed with all those genuine WOW CUP® **Grab & Drink®, spill free and easy to clean and assemble** features.
