$ 19.99 Retail - CASE OF 6

Polypaper™
Translucent recycled polypropylene with **suspended recycled paper** showing throughout. Made by our certified Zero-Waste factory in the USA.

Polyglass™
Translucent recycled polypropylene with **suspended recycled glass** showing throughout. Made by our certified Zero-Waste factory in the USA.

Polyflax™
Translucent recycled polypropylene with **suspended flax husk** showing throughout. Made by our certified Zero-Waste factory in the USA.

EcoCoco™
Translucent recycled polypropylene with **suspended coconut shell** showing throughout. Made by our certified Zero-Waste factory in the USA.

How cool is this? Not only are these products made from recycled content in the USA but our factory generates a portion of its own power and is certified zero waste! We're also pretty excited to announce that this line has just surpassed a huge milestone!

Over 1 million containers saved from landfills to date!

Did you know? We work with factories who make bamboo products to buy the excess pieces that tower up and get tossed. We send it through an intense process that allows us to offset the plastic in our Purelast™ material.

To date we have saved over 1 million lbs of bamboo from the scrapyard!

Architec® EcoSmart™ Bamboo Tools
