## *What is Bake for Benny?*

Launching a new line, means having a new avenue for us to give back. One thing that we, at Architec, can all agree on is we are crazy about animals. We're a pet friendly office. Sometimes up to half of our team brings their pets. Benny was our original "office dog". Benny was less than 24 hours from his execution date when Jenna Miller, our president, found him through a program that features & highlights dogs on death row. To us, Benny represents the inherent worth of all animal life and highlights the incredible work of those who dedicate their time to saving and improving pet lives. When Architec launched TSP baking products, we wanted to give back so we started the Bake for Benny fund. 5% of SALES (not just profit) from TSP products is transferred to our Bake for Benny Fund. At the end of each calendar year these funds are donated to pet charities and no-kill shelters. Thanks for helping us give back!!
