

The CRADLE™

Standing Desk Anti-Fatigue Mat

by **NewLife®**

The unique cradle design of this anti-fatigue mat provides purposeful angles and topography that guide you to stretch and move for active standing.

The **NewLife Cradle™ Standing Desk Anti-Fatigue Mat** was designed with the standing desk user in mind. It imparts the perfect balance between support and cushioning through its various standing positions. The self-skinning polyurethane top-surface provides an enjoyable experience for the legs, feet, and back.

- Ramped front edge encourages stretching of ankles and calf muscles
- An integral ball on both sides to massage and stretch foot muscles
- Unique massage dots work to knead and massage feet while standing
- Generously-sized to provide adequate space to promote active foot movement

Ideal for use in your home, office, with stand-up desk, classroom, kitchen, medical offices and more!

When you are standing in front of a stand desk mat for an extended period of time, your feet and legs have a tendency to want to have their muscles engaged. This can be accomplished by moving them to the various standing zones on the **NewLife Cradle™ Standing Desk Anti-Fatigue Mat**. With its undulating top-surface, the users urge to move around is addressed with a variety of different standing areas, including massage points, hamstring and calf stretching zones and a large free-standing area.

- ▶ Durable polyurethane foam reduced fatigue and discomfort
- ▶ Standing zones with massage points and stretching areas
- ▶ Top-surface with perfect balance between firmness and cushion to fight leg fatigue
- ▶ Encourages movement while standing
- ▶ Large standing space
- ▶ Durable and easy-to-care for
- ▶ Easy to slide under and out from under your desk

MASSAGE BALL™

Standing Desk Anti-Fatigue Mat

by **NewLife®**

The one-of-a-kind massage ball design of this anti-fatigue mat provides activity for fatigued legs and massaging relief for the soles of feet.

The **NewLife Massage Ball™ Standing Desk Mat** is a unique approach to work-time comfort. It feels great while wearing shoes, but slip them off and you'll take full advantage of the polished massaging ball. Rejuvenate aching soles with a gentle back and forth motion of the leg. The self-skinned polyurethane top-surface features raised texture dots, and is durable and easy-to-clean.

Polished metal massage ball

Raised texture dots

Massage ball is removable for easy cleaning and maintenance

Ideal for use in your home, office, with stand-up desk, classroom, kitchen, medical offices and more!

The **NewLife Massage Ball™ Standing Desk Mat** has a variety of different features to engage your feet and legs while you stand for extended periods of time at your stand-up desk. Each mat features raised areas which allow you to pinpoint specific areas of discomfort as you move your feet from side-to-side. But the revolutionary advancement is the smooth, rolling massage ball at the top of each mat. It feels great on the bottom of bare feet! The massage ball can also be used with shoes on.

- ▶ Durable polyurethane foam reduces discomfort and fatigue
- ▶ Massage points hone-in on areas of discomfort
- ▶ Top-surface designed for improved comfort
- ▶ Massage ball encourages movement while standing
- ▶ Durable and easy-to-care for
