## Easy Today, Easy Tomorrow

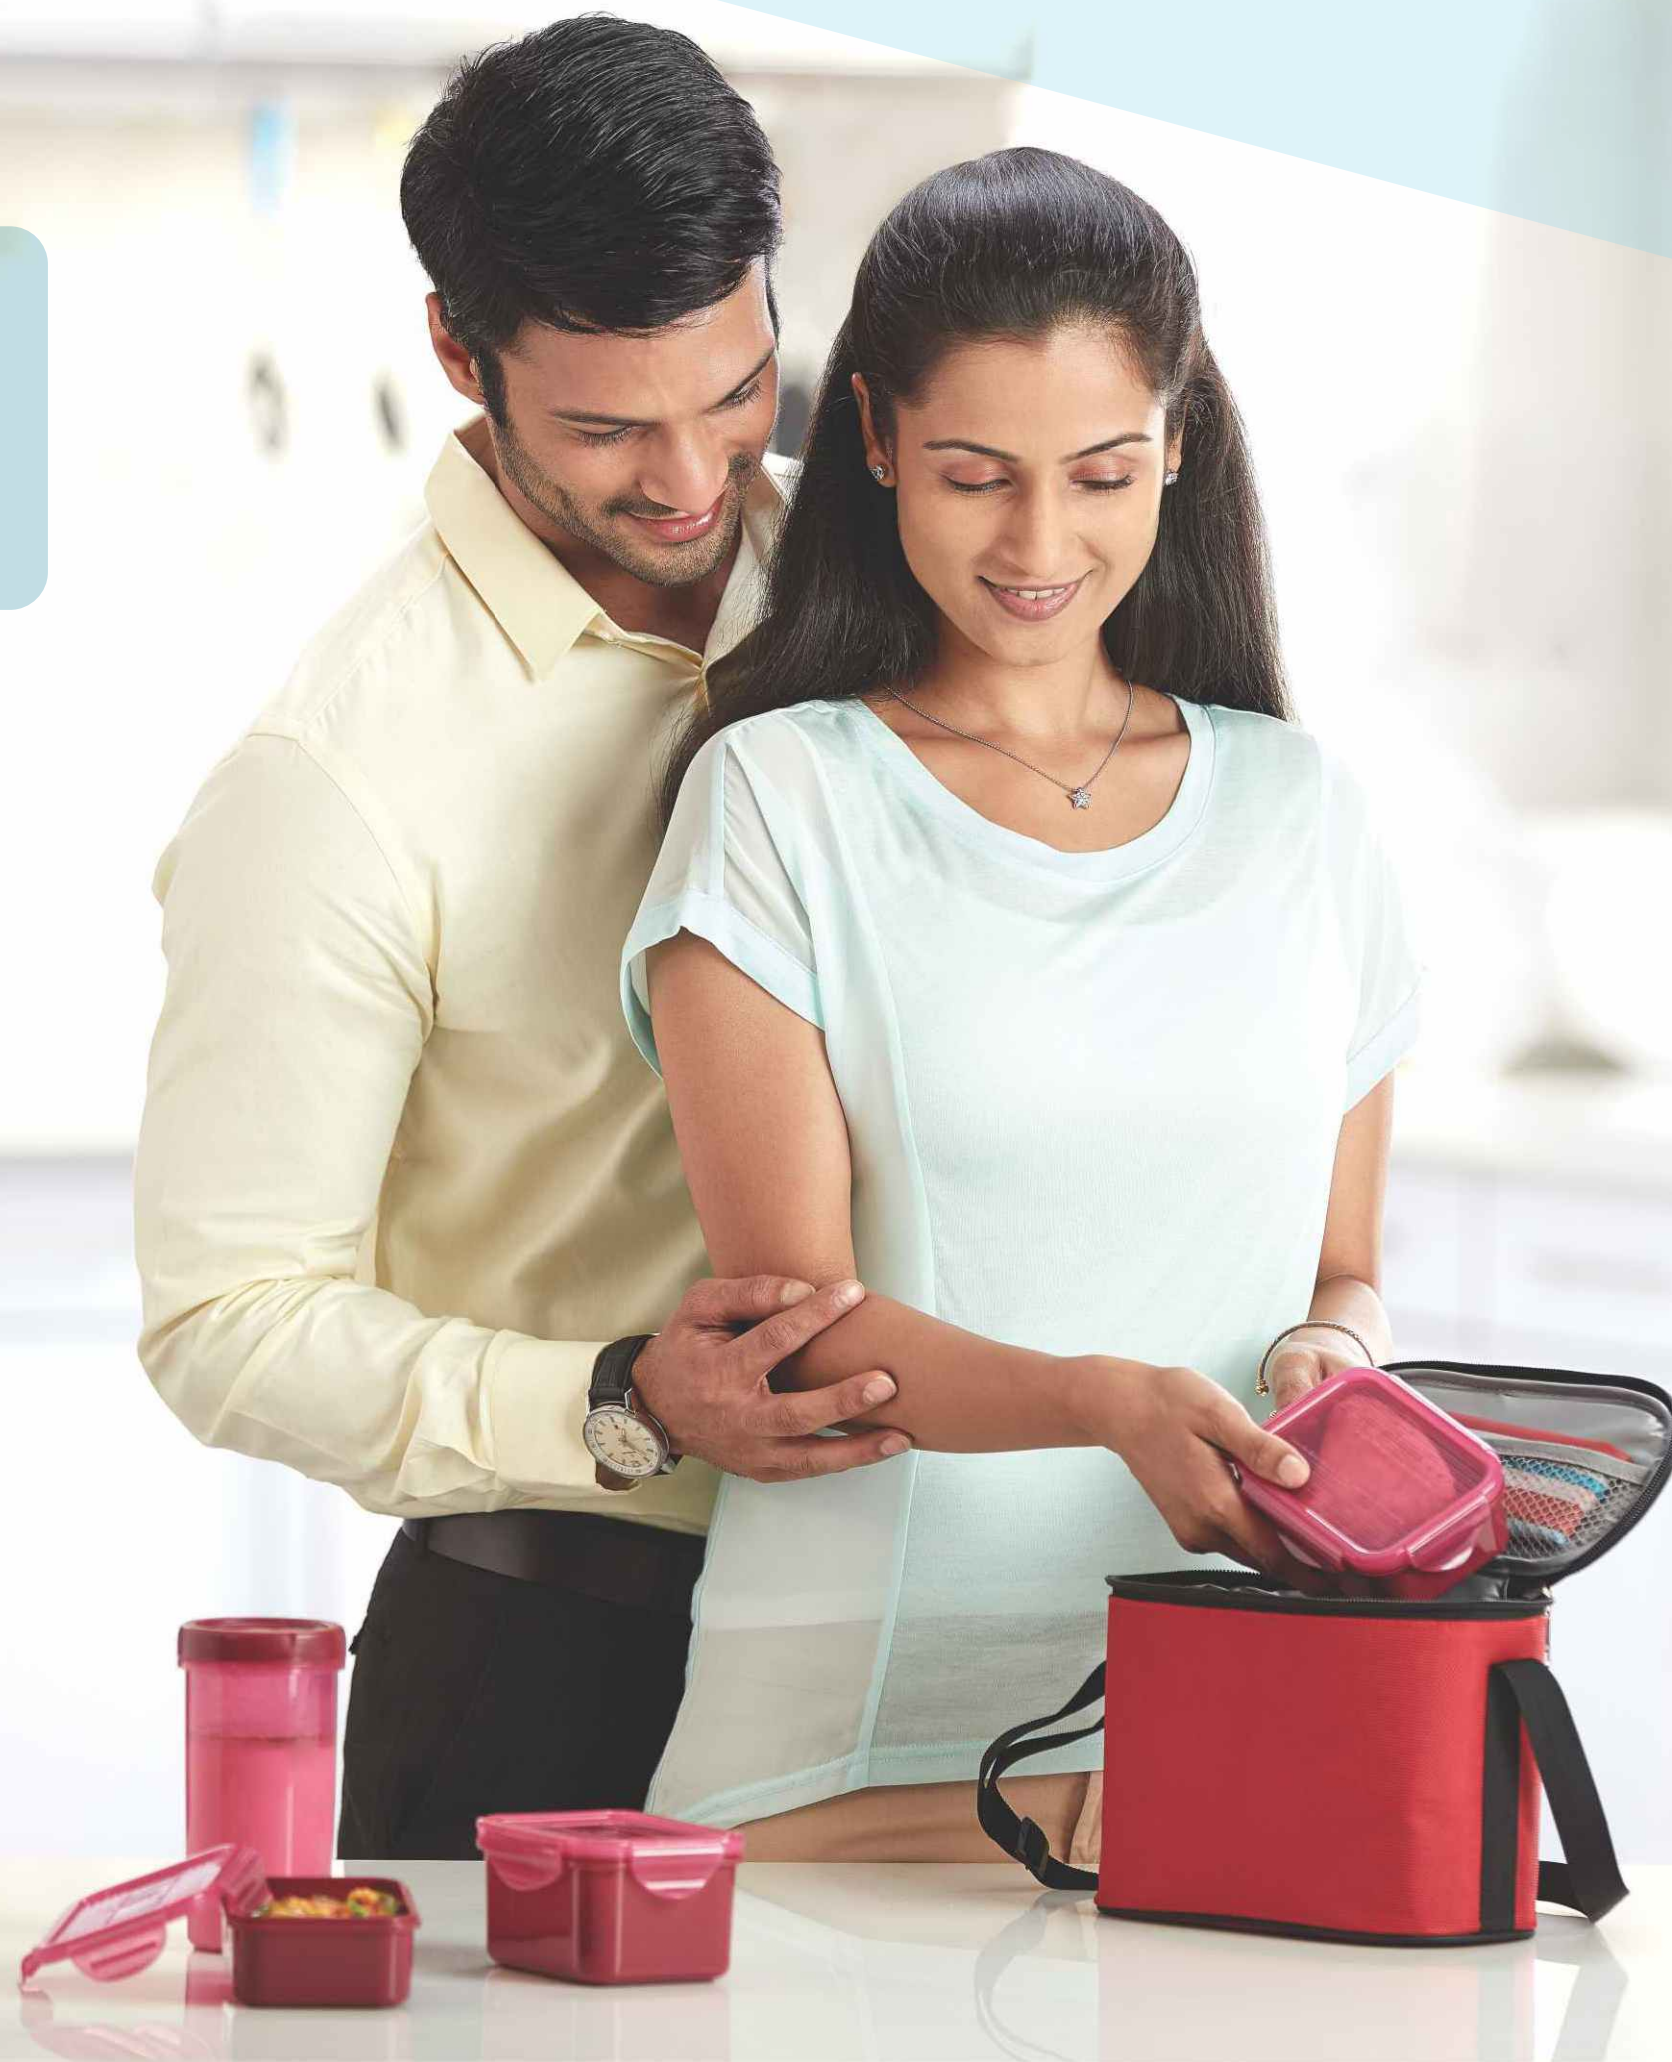

One of the eternal rules of family life is that every day brings with it a fresh set of challenges and joys that are there to be solved and savoured by all. Every day is different, yet every day is the same. And during the course of that everyday hustle and bustle, every family needs a little help.

With years of focused research and evolved manufacturing techniques, we've created products that every family can safely rely on. By using a wide range of high quality raw materials to create products of the highest standards, we provide everyone the most important luxury of all: peace of mind. By exploring a range of eco-friendly materials, we extend our concern for families to the world at large.

From kitchenware to dustbins, from food storage containers to laundry baskets, from kids' items to bathware, we've found myriad ways to dot your home with a simple and enduring presence. From being painstakingly designed to being scientifically produced, All Time products are built to be beautiful but humble, safe but robust, ever-present but ever-subtle.

In spite of the vastness of the range, every All Time product has a common purpose: it's made to provide joy and convenience to the family. A home is always running and so are the All Time products that help run it. Life might be full of up and downs, but our products will always be there, making life easy today, easy tomorrow.

The happiness recipe:  
'health-safe' products that  
'concerned' families need.

(Health & Safety) + (Taste & Freshness) = Food Gear

All Time Plastics is the answer to your and his needs when it comes to carrying food to work. With All Time Food Gear, family members can enjoy your tasty, hygienic and fresh food safely everyday. Food Gear is a combination of containers made using the recommended food grade BPA-free polymers as well as the right manufacturing technology to ensure safety in use. Their leakproof silicon gasket lids make them airtight as well as leakproof. The containers fit together snugly in a zip-up bag, that is both water resistant and washable. And for occasions when you want to send a special meal time communication, it even has a snug pocket that can carry your missives. There is also enough space for medicines, napkins and after lunch mint!

Ideal Uses:

Ideal for storing, transporting and serving fresh meals in off home locations. Can be used to store and transport both dry, semi dry as well as wet foods.

Why not go  
from 'merely enjoyable' to  
'safe and enjoyable',  
whether food or container?

Safe food storage across any temperature range - from frozen to sizzling hot.

Food can be hot and sizzling, or cold and frozen. So naturally, we have designed containers that can withstand both the searing heat of hot food as well as the chilling feel of cold frozen dishes. Iris containers are made from transparent virgin polymers that offer high clarity and can handle extreme thermal shock of rapid temperature changes from freezer to microwave. They are dishwasher, fridge and microwave safe too. Their unique silicon gasket make them completely leakproof and convenient to carry and store liquids.

Ideal Uses:

Ideal to store liquid or solid food in the freezer or fridge, or even at room temperature. Store nuts, sweets and other food products to retain its freshness, taste and aromas.

### Durable for All Time, fresh for longer

Keeping cooking ingredients fresh for long periods of time is a key need of every homemaker. The Dura Fresh containers are made from high impact-resistant polymers. Their high clarity enables quick identification of stored material.

While their thermal shock resistance makes them ideal for commercial uses, it also makes them perfect for using in cold climates. Their specially designed rounded bottom makes them easy to clean & they feature flexible peel-off lids.

#### Ideal Uses:

They are ideal containers for storing grains, flours, pulses and other bulk products, snacks, etc.

Easy-to-use, easy-to-clean

Straining is an everyday task in our kitchen. Strainers need to be tough and durable, easy-to-clean and maintain. All Time Strainers are made of virgin food-grade plastics and they are elegant, tough and durable.

Their innovative scoop design and handles with fissures prevent spillage, while pouring and filtering. Our silver plastic strainers with stainless steel mesh are ideal for straining hot liquids. These are heavy-duty strainers that are suitable for both home and commercial use. They are easy-to-clean and store, rust-free and available in attractive colours and sizes.

Select models are available with beautiful prints and motifs.

Designed to cut down wear and tear

All Time Plastics is one of the world's largest manufacturers of chopping boards. Our high quality chopping boards are durable, tough and resistant to scratching, chipping and warping. Their textured surfaces are slip-proof and soft, so knives stay sharp for longer. For commercial use, you can choose from our range of sturdier boards that are designed for heavy duty chopping.

Enhancing convenience, simplifying wardrobe organisation

Organising a wardrobe can be a difficult task at best. All Time Hangers are designed to make your storage easy and simple with special features like rotating necks, special hooks for ties, belts and scarves, also hooks to suspend skirts and other garments, etc. Many of our hangers have textured side arms that ensure freedom from slipping. We also make hangers with textured bottom bars that prevent hung garments from sliding out. They are available in different pastel shades with pearl finish and come in different sizes.

WASTE  
BINS

The container is adorable, even if its contents are not

Now get rid of your waste paper in style, with Tidy Bins from All Time Plastics. These dustbins feature a unique hinge-less covered pedal. They are stylish, durable products that are well suited for your home and office.

Klean Bin is a covered bin with a convenient flap style lid.

Also available is the Frosty Dustbin – an open dustbin with an attractive frosty finish, and available in varied colours to match different interiors.
