“In the heart of the Swiss watch valley, on the shores of Lake Biel and near the Swiss Federal Institute of Sport, Novis was founded. This unique place, where precision engineering, nature and sport come together inspires us to develop high-quality kitchen appliances for a natural, healthy lifestyle.”

Wolfgang Steiner, Founder and CEO

OUR MISSION

We are committed to designing,
developing and producing the world's best kitchen equipment
for healthy food that is full of flavour.

SWISS DESIGN & ENGINEERING

At Novis, we work with the best Swiss engineers and designers on our products, which have been developed using the latest technology. Our products consider design and functionality first and we are the proud recipient of several prestigious design awards. There is an option to suit every kitchen and the durable metal body that is the clear Novis signature is designed to stand the test of time.

SUSTAINABLE AND RESPONSIBLE

Sustainability plays a key role at Novis. That's why we produce kitchen appliances that support seasonal, local and healthy nutrition. We rely on metal housings and energy-efficient drives as well as durable and recyclable materials. In addition, we are committed to creating an ethical and responsible packaging design. Special attention is paid to minimise our carbon footprint and to logistic optimisation.

THE ICONIC LINE

Where innovation meets design.
The Novis Iconic Line is a streamlined, minimalist,
eye-catching masterpiece created with
style, function and quality in mind.

NEOMINT

Neomint brings the fresh, light touch of summer direct to your kitchen. The new colour combines a spark of joy with the most beautiful design.

NATURALLY ELEGANT

Colours that inspire trigger feelings of happiness.
So does the Neomint collection - a colour full of joy and verve,
an attraction in any kitchen.

Novis Neomint is subtle, light and bright.
It brings energy and vibrancy to your kitchen.
It will also help you create frozen desserts and
healthy juices, warm fresh vegetable soups or
refreshing teas at the touch of a button.

PRETTY PINK

If pink is your colour, the Novis Pretty Pink Collection will make your heart sing. As the universal colour of love, pink signals your intention to take care of yourself and others. Helping you to prepare delicious, nutritious meals and snacks, the Pretty Pink Iconic Line has everything you need.

Bring a pop of colour to your kitchen and get inspired. Think sweet homemade jam on crunchy toast or a healthy creamy pink juice to match the new pink Novis metal housing.

FOR A HEALTHY LIFESTYLE

If you like to know exactly what you are eating, favouring local produce as well as healthy fare, the ProBlender is made for you. With it, you can hand-select your ingredients and create a delicious organic local smoothie.

COLOUR YOUR LIFE

At Novis, we love vitamins and we know how important it is to get the most out of your meals. The VitaJuicer Happy Line will ensure you get your energy – in style and colour.

NOVIS HAPPY LINE

Refresh your beautiful kitchen with some colour thanks to a VitaJuicer from the Happy Line.

MORE VITAMINS FOR YOUR KIDS

Kids love to create things themselves. With the VitaJuicer everything is possible – let them be creative and produce their own juice combination. A healthy way to have fun with family and friends.

CERAMIC WHITE EDITION

We create the VitaJuicer and ProBlender at our production facility in Switzerland. Discreet and subtle yet solid and of the highest quality, the matt white ceramic-like finish looks good in any design kitchen.

BLACK MATT EDITION

Developed especially with men in mind, the black matt editions of the ProBlender and VitaJuicer were created in Switzerland by the best designers and engineers. Novis's kitchen super heroes have taken on a stealth exterior and are guaranteed to fit into kitchens with style.

THE VITAJUICER

Our aim was to develop the best juicer in the world. The VitaJuicer is unique. It's the only juicer with four juice functions activated with one simple button and including Novis's pioneering VitaTec® technology. It's a completely new generation of juicer. **Not slow, not fast, but incredibly efficient, giving you up to 56% more vitamins in your glass.**

VITAJUICER
VITATEC®

MORE VITAMINS MORE NUTRIENTS MORE FLAVOUR MORE SMOOTHNESS

Using the natural pressure of your hand in combination with the CitroMax®, you can get the most from your citrus fruit by squeezing out all the fruit, including the pulp. Then our centrifuge cuts and opens the **healthy fruit fibres** for a velvety smooth, **cold-pressed juice**, which is packed with vitamins.

Thanks to this patented VitaTec® technology, where the citrus press works in combination with the centrifuge, both **juice and fibres** end up in your glass, guaranteeing **maximum nutrition** as well as a super smooth texture.

VITAJUICER GIVES YOU MORE

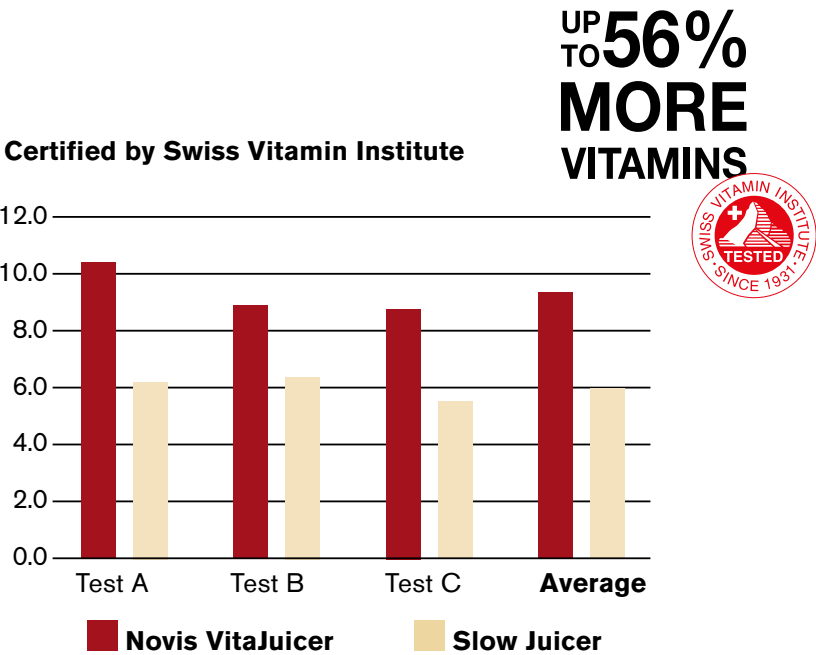

In independent tests carried out at the leading Swiss Vitamin Institute, the Novis VitaJuicer was proven to extract **more juice**, produce less waste and extract significantly **more vitamins** than the slow juicer technology.

VITAJUICER

JUICES ANY KIND OF FRUIT OR VEGETABLE

The **4-in-1 functionality** of the VitaJuicer allows you to juice any kind of fruit or vegetable, make tasty citrus juices, whip up stunning smoothies and purees as well as produce velvety smooth orange juices thanks to VitaTec®.

COLD-PRESSED VEGETABLE OR FRUIT JUICE

SMOOTHIE AND PUREE

VITAJUICER EASY TO USE

With just **one button** to operate everything, the VitaJuicer is easy to use. The **AutoSpeed** function automatically adjusts the speed of the press and centrifuge according to your chosen fruit or vegetable.

VITAJUICER EASY TO CLEAN

Thanks to the high-end materials Novis uses, as well as the fact that the centrifuge can be dismantled, every part of the juicer can be easily cleaned in the **dishwasher**.

best of the best

A woman with blonde hair, wearing a maroon sweater, is smiling and pouring a white liquid from a glass pitcher into a blender. The blender is filled with green leafy vegetables and red berries. On the counter in front of her are various fresh ingredients: a bowl of raspberries, a small jar of herbs, and some figs. The background shows a bright window with a view of a building outside.

THE PERFECT BLEND OF SWISS TECHNOLOGY AND DESIGN

The Novis ProBlender is
safe, smart, easy to use and makes short
work of your ingredients – without
compromising on nutrition or flavour.

PROBLENDER
NUTRIMAX

BEST RESULTS

The ProBlender delivers a better absorption of vitamins, a stronger taste and a **perfect texture** thanks to the combination of our **triangular** container and our geometric blades with up to **120,000 cuts** per minute.

PROBLENDER ALL IN ONE

INCREDIBLY VERSATILE

The ProBlender chops, blends and processes your ingredients easily for a perfect result every time. The **five pre-set programmes** mean you can automatically blend your chosen ingredients to make exactly what you need. And with the **On-The-Go** container you can even take your meal with you! The different containers are recognised automatically thanks to our **SmartAdapt™ technology**.

FILTER COFFEE MACHINE F1

The Novis Filter Coffee Machine is the latest addition to the growing Iconic Line. Developed to appeal to coffee connoisseurs and design fans, it will decorate every home and awaken your senses with its aroma of freshly brewed coffee.

FILTER COFFEE MACHINE AROMA TWISTER

BEST AROMA

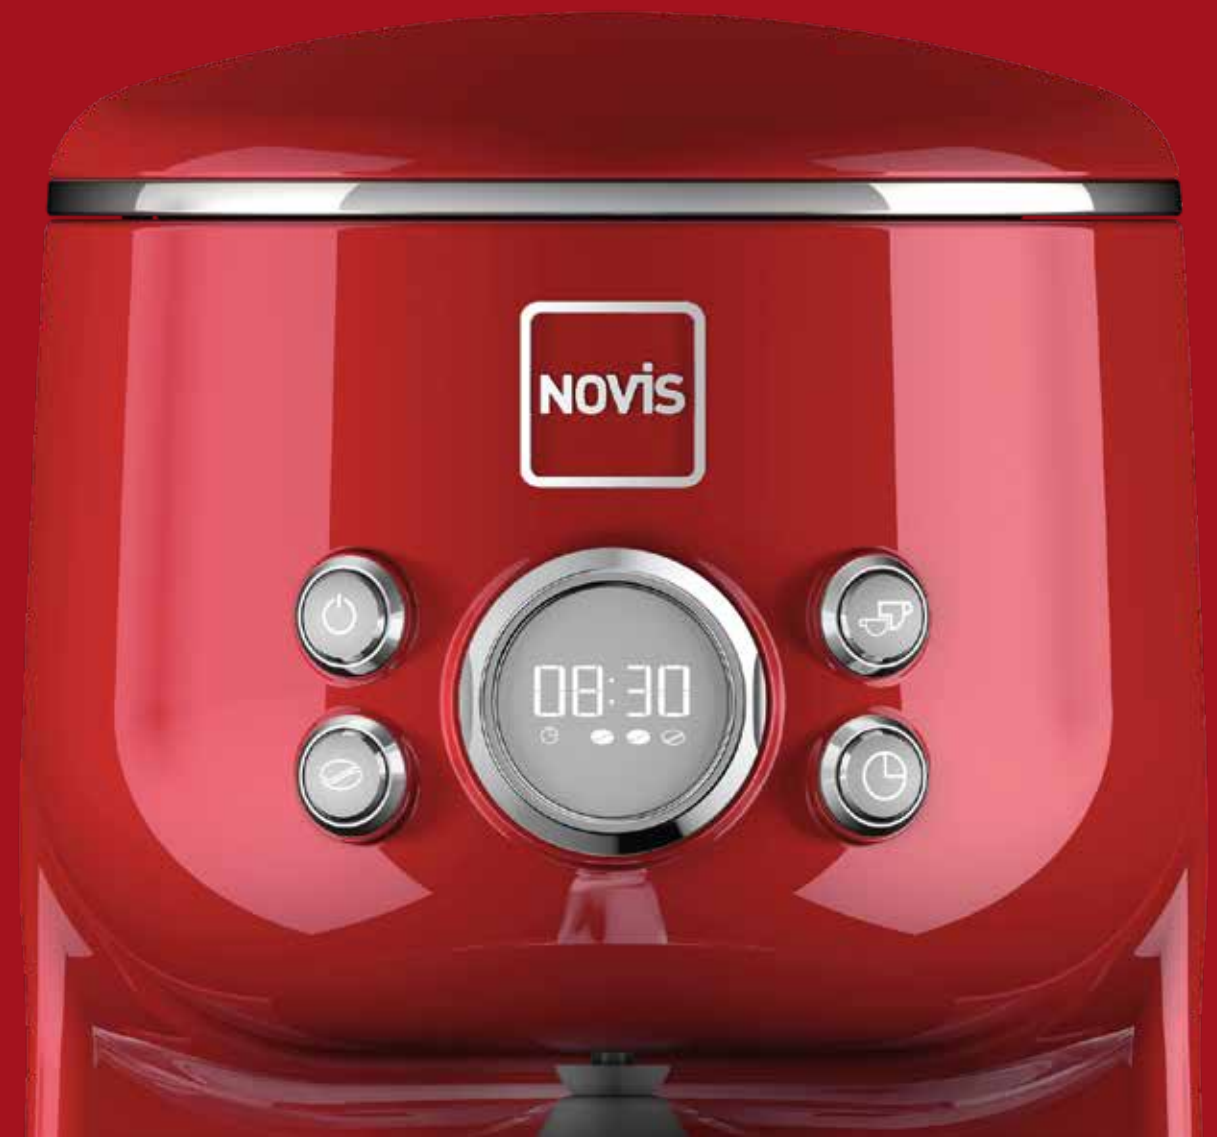

The integrated **Novis Aroma Twister** allows the coffee to percolate and circulate for optimal aroma spread, however many cups you brew. Whether you choose to make two cups or 10 cups, the integrated hotplate will keep your coffee warm as you ease yourself into the day.

FILTER COFFEE MACHINE USER FRIENDLY

CONVENIENT

The **chromed display** combines time display with automated programmability to serve you a freshly brewed cup as soon as you're up and ready to face the day. The Novis Filter Coffee Machine F1 also features an extra-wide opening to make it easier to fill the water tank, illuminated function buttons and the option to use permanent or paper filters.
