**MISSION: To SERVE Others and CREATE VALUE with our People, Products, and Processes!**

# THE HEART OF YOUR HOME

**TAKING CARE OF THE CUSTOMER SINCE 1971**

*Founded in 1971, Range Kleen has grown to become a trusted and valued brand of HOME products in North America. Range Kleen was started by Jerry O'Connor with six drip bowls and a desire to serve the customer. Jerry persevered to make Range Kleen the #1 brand in Range Accessories. In 2003, Jerry retired, allowing his son Patrick to purchase the company.*

*Today, Patrick O'Connor is the owner and president of Range Kleen. At Range Kleen, our commitment to "TCOTC" (Taking Care of the Customer) remains as strong in present-day as it did in our humble beginning.*

*We remain the #1 consumer's choice for range accessories – specializing in our OEM (Original Equipment Manufacturer) quality drip bowls. Over the years we have expanded our product categories to meet consumer desires for quality products at competitive costs. Our product categories now include cookware, bakeware, kleening products and home and on-the-go storage items. With our array of products and commitment to serve you, Range Kleen aims to be The Heart Of Your Home.*

## **VALUES : I.D.E.A.**

**INTEGRITY:** Being honest, professional, legal and ethical in your actions.

**DRIVE:** Being enthusiastic in your behaviors towards fulfilling our mission.

**EXCELLENCE:** Performing to your BEST and always seeking improvement.

**ACCOUNTABILITY:** Holding yourself and others accountable to our MVV while focused on TCOTC!

**RANGE  
KLEEN®**

# RANGE ACCESSORIES

## DRIP BOWL DEMAND

**127,586,000**  
# U.S. households

### CURRENT DEMAND

**106,610,861**  
electric ranges

**51,161,986**  
40.1% coil ranges

**20,975,010**  
16.43% gas ranges

**1  
7**

consumers  
are replacing  
drip bowls  
annually.

### FUTURE DEMAND

**19.5 YEARS**

Lifespan of typical  
cooking range

If each electric coil  
and gas range that  
had drip bowls/pans  
as OEM parts  
replaced their drip  
bowls/pans once

there would be a demand for  
**247,326,840**  
units annually

### HOW IS RANGE KLEEN THE LEADER IN THIS CATEGORY?

Proudly Made in USA!

Original Equipment Mfg. (OEM) Quality

Range Kleen fits 99% of Electric Ranges and 95% of Gas  
Ranges Proven increase in sales and gross profits

Better Fit! Better Function! Better Value!

Full assortment of complimentary accessories for the stove

Range Kleen manages retail space like a PRO and provides  
new, exciting and innovative items to maximize impact.

Industry expertise **SINCE 1971!**

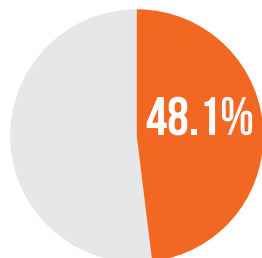

- **#1 Consumer's choice**
- Proper fit of drip bowl prevents a rocking of the element on the drip bowl, therefore preventing cookware from rocking on the stove.
- Updates the appearance of stove.
- Easy to clean.
- Make your kitchen fresh.
- Range Kleen passes appliance industry standards testing:
  - 24 Hour Salt Spray (Chrome)
  - Fit, Function & Stability Test
  - Liquids Spill Capacity Test
  - Consumer Use and Cleaning Safety - Rolled Hem Test.
  - DuPont Ragu Test (Porcelain)

**make your kitchen look and cook like new**

<b>ELECTRIC ELEMENTS</b> OEM (Original Equipment Manufacturer) Quality - this means the consumer is getting the same quality, fit and performance as what was on the original appliance when purchased new. #1 consumer's choice. Make your kitchen fresh! Proper fit of element along with drip pan/bowl prevents a rocking of the element on the drip pan/bowl, therefore preventing cookware from rocking on the stove. Easy to install. Updates the appearance of stove.

## TRAP THE GREASE: FAT TRAPPER® SYSTEM

Did you know you should never pour kitchen fat, oils or grease down the drain? When fat, oil and grease are poured into drainage systems, the FOG (kitchen fat, oils, and grease) congeals and can form blockages in your plumbing system. Did you know you can responsibly dispose of FOG with Trap The Grease: The Fat Trapper® system? Prevent costly plumbing repairs by disposing of your grease properly. Simply pour cooled cooking grease into the bag, and replace the lid. When the bag is full, simply remove from container, fold back closed, lock tabs and discard.

Bags temperature safe to 200°F

New sleek, black Trap the Grease container is made of polypropylene and made from recycled materials

Container is BPA FREE

New! Improved bag style is easier to use and has a better fit. Bags can be used with or without container

Bags are constructed from polyethylene, aluminum, white kraft paper and polypropylene

Bags are re-sealable and re-closeable

Bags hold 2.75 cups (22 ounces)

Locking bag tab contains FOG and odors between uses

Trap the Grease container is made in the USA

Container is recyclable

Container is dishwasher safe

Airtight container conceals unsightly fats, oils, and greases

Approximate container dimensions: 4.5 inches L x 3.75 inches W x 8.5 inches H

## BROILER PANS

Since 2000, Broiler Pans have typically not come with new range purchases. This #1 SELLER is a welcome replacement for old broiler pans or a new addition to every kitchen. Broiling allows users to quickly cook food in a healthy way. The grill pan allows fat to drip away from food, where it is collected in the base pan below. The high heat often used in the broiling process traps juices, and can give meats and other foods a bit of added crispness, similar to that of the grilling process, without the hassle of lighting charcoal or waiting for the gas grill to heat. Perfect for fish, beef, pork, roasts, and veggies.

Made in the USA. Heavy duty porcelain on steel. Easy to clean. Suitable for use on an outdoor grill. Safe for use up to 1025°F. Broiler pan can be used as a baking dish. OEM (Original Equipment Manufacturer) Quality.
