THE ULTIMATE
SPORT BOTTLE!™

Spills
are **NOT** an
option!™

THE ULTIMATE SPORTS BOTTLE !

The WOW GEAR® 360° sport bottle is unmatched by any other spouted sports bottle in the market for ease of drinking, prevention of messy spills and ease of cleaning no matter where you are or whatever you are doing. These innovative bottles have no spouts and buttons to open in order to drink. Just Grab & Drink®.

They all come with our standard high performance 360° drinking valve and travel lid. Whether at home or in the wilderness camping, every area of the bottle and valve system is 100% exposed for easy cleaning! Try that with spouted and straw bottles!

tritan™
Tough & Odorless
INSULATED

Our high quality, tough and odorless TRITAN™ bottle features an advanced proprietary double-walled structure that is 100% guaranteed to be dishwasher safe. There are no spin or ultrasonic welds in our double-walled structure which makes it a unique and very durable homogeneous bottle that can withstand the rigors of an active lifestyle and residential dishwashers. Try that with the competition's double-walled bottles!

360° SERIES 18-8 STAINLESS STEEL VACUUM INSULATED

The “ultimate sports bottle” gets even better with our stainless steel line of 360° sports bottles. Featuring high quality and strength 18-8 stainless steel for clean anti-rust, toxin-free and flavor-free experience.

Our double-walled SS vacuum insulated bottles are designed to keep your cold beverages colder and longer without any sweating. They all come with our standard high performance 360° drinking valve and travel lid.

And, every area of the bottle and valve system is exposed for easy cleaning!
