AG 300

Enhanced Technology for Particle | Chemical | Odor | Microbe Filtration

# AG 300

## Product Overview

The Airgle room air purifier (AG300) is built for use in rooms of up to 350 square feet. It is equipped with cHEPA, activated carbon and Titanium Pro technologies that remove airborne pollutants, such as dust particles, odors, second-hand smoke, bacteria, viruses, allergens and VOCs. The AG300 safely removes harmful pollutants down to 0.003 microns with an efficiency of 99.999%.

# AG 300

## Features

- H14 grade cHEPA ultra fine filtration technology
- Filter 99.999% ultra-fine pollutants down to 0.003 microns in size
- PhotoCatalytic Oxidation TiO<sub>2</sub> Technology (Titanium Pro)
- 100% pressure-sealed technology
- Ultra-quiet design
- Air quality monitor
- Filter life monitor
- Infrared remote control
- Timer and night mode
- FDA approved (medical devices)
- ARB ozone free safety certification
- US energy star qualified
- ETL listed mark
- Apps for iOS and Android

- **System Efficiency**

The Airgle systems feature unique 100% pressure-sealed technology with no air bypass. The highest reading an air purifier can ever achieve on a particle counter test is zero- and Airgle has done it.

- **Particle Filtration**

Airgle cHEPA filtration provides superior removal of airborne particles. Certified to filter ultra-fine particles down to 0.003 microns, and with an efficiency rating of over 99.999%, our systems deliver exceptional performance.

- **Molecular Control**

In addition to removing particulate pollutants, the AG300 effectively removes molecular air pollutants such as volatile organic compounds (VOCs), gaseous chemicals, and unpleasant odors.

- **Biological Control**

The Titanium Pro module removes chemical gases and destroys harmful organisms like bacteria and viruses. The secret is our breakthrough titanium dioxide catalyst technology, paired with a germicidal UV lamp. This kills germs down to 0.01 microns in size.

- **Advanced Control (APP)**

The AG300 can be easily connected to your Wi-Fi. This offers you the added convenience of being able to control the device remotely using either the iPhone or Android app.

- **Auto Mode**

Selecting Auto Mode will enable your unit to automatically adjust to the optimum speed necessary to purify the air.

- **Ultra-Quiet Design**

Enjoy noise-free operation with the Airgle system's ultra-quiet motor technology. Whisper-quiet for your bedroom or office, the Airgle Air Purifiers register a surprisingly low 33 dB while continuously cleaning your air.

- **Energy Saving**

Airgle is proud that its systems have earned the Energy Star rating for low power consumption. The standby power for all Airgle systems uses a mere 1 watt. Want to save even more power when you're going to bed at night? Press and hold the Auto button to turn off the LED screen.

- **Five Years Warranty**

With a Five Year Warranty service, Airgle has been consistently providing high quality service to our hundreds of thousands of customers for twenty years.

# APP Management

# Specification

Model Name:	Airgle Room Air Purifier (AG300)
AHAM (CADR) Smoke/Dust/Pollen:	170 m <sup>3</sup> /hr
Fan Speeds:	3
Air Delivery (m <sup>3</sup> /hr):	50 / 100 / 170
Noise(dB):	33 / 48 / 60
Power Consumption:	Speed 1= 10W, Speed 2=20W, Speed 3=36W
Housing Material:	ABS Plastic
Dimensions (mm):	H338*W302*D250
Guaranteed Excellence:	5 Year Warranty
