

DRINKTANKS®

WHY WE CREATED THE PERFECT GROWLER.

DrinkTanks® started in 2013 in Bend, Oregon, where craft beer is more of a lifestyle than just something you casually drink. Bend residents are also an extremely active bunch, so we saw a growing demand for premium craft beer containers that could withstand an adventurous, beer filled lifestyle. So we sought out to create a complete growler system that would prevent sacrificing beer quality for mobility – all while reducing the need for cans and bottles that often end up in landfills or littered.

This is where our story began, and after two years of research and development, in 2015 we launched The Perfect Growler & Personal Keg to keep beer cold, fresh, and carbonated.

PURPOSE

Sustainability

REDUCE, REUSE, REFILL.

The world's aluminum can consumption is currently around 6700 cans per second – enough cans to wrap around the planet every 17 hours.

In an effort to combat this growing problem, we aim to initiate a change in consumer behavior by manufacturing practical & long-lasting reusable products, while maintaining rigid standards in the sourcing of our materials to ensure both quality and environmental responsibility.

DRINKTANKS®

ESSENTIALS

Key Product Features

KEEP THE OUTSIDE OUT.

45 hours cold - 20 hours hot.

Our double-walled vacuum insulation maintains internal temperature and eliminates condensation in any situation.

DRINKTANKS®

2

ESSENTIALS

Key Product Features

FLAVOR INTEGRITY.

Our Craft Growlers are uniquely passivated ensuring no imparted flavors, as well as removing all free irons, preventing rust and eliminating any metallic taste. Paired with our line of cleaning products, your beer will always taste as the brewer intended, and that's what we intended.

DRINKTANKS®

3

A man with a beard and a plaid shirt is pouring beer from a stainless steel growler into an orange cup. The growler has the DrinkTanks logo on it. The background is a wooden wall.

ESSENTIALS

Key Product Features

BUILT FOR BEER.

Our growlers have airtight and leak-proof seals, maintaining carbonation for up to 30 days. Our premium Craft Growlers feature our unique Double-Down™ closure system and can be used with our Keg Cap™ system for CO2-driven dispensing.

DRINKTANKS®

4

A woman with long hair is sitting on a beach, holding a red cup. She is wearing a white long-sleeved shirt and jeans. A tent is visible in the background.

ESSENTIALS

Key Product Features

LIFETIME WARRANTY.

Our goal has always been to create useful products that work anywhere, every time. But just in case, all DrinkTanks® products carry a no-hassle lifetime warranty.

DESERVES BETTER.**

CRAFT GROWLERS

FEATURES & BENEFITS

FEATURES & BENEFITS

Glossary

45 HOURS COLD 20 HOURS HOT

Our double-walled vacuum insulation maintains temperature and eliminates condensation in any situation.

3/4" CORK INSULATED LID

3/4" cork insulated lids provide 30% better temperature retention, keeping your beverage hot or cold, longer.

LIFETIME WARRANTY

DrinkTanks® are built to last, but just in case, all of our vessels carry a hassle-free lifetime warranty.

DOUBLE-DOWN CLOSURE SYSTEM

Our extremely durable & airtight dual-bail closure system prevents liquids and Co2 from escaping. Max Pressure - 60 PSI

ERGONOMIC HANDLE

Interchangeable ergonomic handles specially designed to provide a smooth and effortless pour everytime.

100% BPA FREE

DrinkTanks® products have always been, and will always be 100% BPA free.

STAYS FRESH LONGER

Our airtight seal keeps un-opened carbonated beverages (i.e. beer) fresh for up to 30 days.

PASSIVATED STAINLESS STEEL

Our unique stainless steel passivation process removes all free irons ensuring no imparted flavors.
