- **REUSABLE, ECO FRIENDLY, AND WASHABLE** - You can reuse our beeswax food wraps for up to a year. The zig-zag edges ensure they don't fray and you can simply wash them using lukewarm water and some mild dish soap. They are the only wraps that come with a drying hang tag and can be replenished with the included wax block.
- **MULTIPURPOSE** - You can use these wraps to wrap cheese, bread, fruits, vegetable, fresh herbs, and baked goods. Wrap your lunch and snacks for later or simply keep leftovers fresh until you're hungry again. You simply need to soften them with the warmth of your hands and they're ready to use.

- **SIMPLE TO USE AND MAINTAIN** - Use the warmth of your hands to make the wraps flexible and simply mold them directly on food or around the rim of a bowl. Once you use the food, wash them with lukewarm water and a bit of mild or organic dish soap and air dry with the help of the convenient hang tag. As needed, replenish them with the help of the included wax block. Grate the wax over the wrap, place it on a baking tray and heat in the oven at 185 Fahrenheit. When they've melted, let them cool down and they're ready to be used again.
