**WOW packaging

Easy to prepare and use.. just fill with fresh cut fruit and water and place in freezer. Natural fruit Infusion takes time, so while freezing, the water-to-ice becomes naturally infused by the fruit. This infusion process is enhanced by the expanding water- to- ice applying gentle pressure on the fruit to release its deep flavor. Once frozen, the resulting icicle has already been highly pre-infused.

RICH FLAVOR RIGHT AWAY... AND ICE COLD

When ready to use, simply drop the icicle into your hydration bottle (needs 2" opening) or tall glass and fill. The icicle immediately starts to release its infused flavor so you will quickly have a delicious natural fruit infused cold beverage. The fresh fruit flavor will always be preserved while frozen, ready to enjoy at any time.

Set of 2 silicone molds, one green + one orange. Each mold measures 3" x 2 1/2" x 8 1/2". BPA Free, dishwasher safe. Color box. **FI-8**
