

Westinghouse

INNOVATION YOU CAN BE SURE OF

Westinghouse Kitchen Accessories

Westinghouse Heritage

Our Promise

For more than a century, Westinghouse has consistently provided innovative, reliable, high-quality products and customer service. It's a combination of groundbreaking technology and rock-solid dependability that's made us one of the world's most trusted brands.

From outdoor portable generators that provide power for your home, work and play moments, to high-definition TVs that are setting new standards for performance, we're constantly developing advanced products, rigorously testing them to make sure they work time after time, day after day.

When you see the W, you know you're getting a product packed with features that make your life easier, while still being easy to use. A product that has all the latest thinking, while providing years of value.

Innovation You Can Be Sure Of.

From a company that always puts you first.

1871

Westinghouse Air Brake Company implements half-day Saturdays, a big step toward the five-day work week

1873

The automatic air brake is invented

1881

Westinghouse founds Union Switch and Signal Company to develop closed-track circuits and interlocking systems for railroads

1886

Westinghouse Electric Company is founded

1888

Nikola Tesla receives a patent for the first alternating current motor and comes to work for Westinghouse Electric Company

1914

Westinghouse acquires Copeman Electric Stove Company and enters the home appliance market

1914

George Westinghouse dies, leaving a legacy that includes 361 patents and the founding of 60 companies

1896

Westinghouse harnesses the power of Niagara Falls and builds the first hydroelectric power plant

The Years of Growth

1893

Westinghouse beats Thomas Edison for the contract to light the Chicago World's Fair with AC power and wins the "War of the Currents."

1939

Westinghouse hosts the Battle of the Centuries Dishwashing Contest to showcase its new dishwasher

1940s

Westinghouse supports the war effort on many fronts, including the creation of the famous "We Can Do It" poster

1941

Westinghouse begins producing power at Grand Coulee Dam

1946

The first electric clothes dryer is introduced

1950s

Westinghouse markets its appliance line with the Freedom Fair advertising campaign

1960

Paul Rand designs the Westinghouse logo

1954

Westinghouse launches its first color television

1954

The USS Nautilus, the world's first nuclear submarine, was launched with a reactor built by Westinghouse

1955

Westinghouse refrigerators account for 55% of the refrigerator market in the U.S.
