MIGHTY MINI

The new standard in nonstick cookware, every Blue Diamond pan features our metal utensil safe, diamond-infused coating that is 5x harder, lasts 10x longer than traditional nonstick coatings, and diamonds transfer heat 4x faster than copper.

Even our littlest pans are powerful.

Whether you're making a quick breakfast or a small side, our Mighty Mini makes it easy! Don't let the size fool you, this little pan is all about performance. Durable and dishwasher safe for years of use, the Mighty Mini's handle has a non-slip silicone grip to give you total control.
