## ABOUT KITCHEN INNOVATIONS

Kitchen Innovations designs, manufactures and distributes gourmet kitchen products that are available at specialty shops and retail stores across North America, South America and Europe. Since launching in North America, we have distribution across several channels such as independent/specialty stores, hardware, grocery, garden centers, gift, supermarkets, department stores and many more.

We bring function, durability and innovation together with beautiful designs to create kitchen tools, gadgets and gifting items. Our products have high impact presentation in-store and online, with beautiful branding, eye-catching packaging and bright, fun colors that customers can't resist. Every Kitchen Innovations and Zeal product is made with the highest quality materials; including 18/8 stainless steel and 100% premium European grade silicone that will stand up in any kitchen.

## WHY CHOOSE KITCHEN INNOVATIONS AND ZEAL BRANDED PRODUCTS?

- ♥ KI and Zeal use 100% EEC approved silicone, which is a higher standard than FDA requirements – heat proof to 482°F!
- ♥ KI and Zeal utensils are fun, easy to clean and colorful. Accent your kitchen with Zeal!
- ♥ KI and Zeal silicone will not scratch or damage non-stick cookware
- ♥ KI and Zeal silicone is odorless and will not absorb flavors or colors
- ♥ KI and Zeal products are dishwasher safe, food safe and BPA-free
- ♥ KI uses world-class brand and packaging specialists to design our unique brands and packaging

# Reflecting Nature

Designed for function but inspired by the beauty of nature, the Zeal Reflecting Nature Collection is durable, functional and perfect for kitchen décor. Every item in the Reflecting Nature Collection replicates a flower or plant to bring new life and color to your home!

## Save the Bees

A third of the food we eat comes from crops pollinated by bees - today they're in trouble and so are we. To show our support, a donation from every sale will be made to the Honeybee Conservancy.

### KITCHEN INNOVATIONS HONEYBEE PROJECT

At Kitchen Innovations, we realize the importance of giving back. There are many worthy causes and organizations that are doing amazing things in our community, throughout the country, and around the world. To show our support, for every sale of our Zeal Reflecting Nature Collection, a portion of the proceeds will be donated to the Honeybee Conservancy.

It is our goal to help raise awareness about the planet's rapidly declining bee population. Bees play a vital role as pollinators, which is why their sudden die-off in recent years is such a critical environmental issue.

### WHY BEES?

Why did Kitchen Innovations decide to support bee Charities? The bee issue is a great concern to many. We feel passionate about it because it brings up wider concerns about the natural habitat and how we use it.

What relationship does supporting bees have to cook shops and housewares stores? Bees pollinate a lot of the foods that we cook, so there is a direct link between the health of bees, our wellbeing and our industry.
