About us

We're bringing the world's favorite reusable coffee cups and water bottles to the place where we believe we can have the biggest impact - the USA.

We started with an honest approach to sustainability - reducing single-use waste by reimagining cups and bottles and we knew it wouldn't be simple.

We make innovative products that are stylish, functional and great for our environment. The kind you actually want to be seen with.

Our multi-award winning, spill-resistant products make it easy for customers to use, and re-use again.

Ceramic Stainless Steel

For the ultimate in sophistication, temperature control and performance - lined with a premium ceramic coating for superior flavor and keeping liquids hot or cold for up to 10 hours.

	RRP
6oz/175ml cup	\$32.95
10oz/295mL cup	\$34.95
16oz/475ml cup	\$36.95
20oz/595mL bottle	\$39.95
34oz/Liter bottle	\$46.95
Tea Strainer	\$4.95

Designed in Australia and made from a premium grade 304 stainless steel with double wall vacuum insulation to keep liquids hot or cold. Base is hand wash only. Lid is dishwasher safe.

*Prices are excluding taxes and duties

Originals

Our multi-award winning original design is a classic in its own right.

	RRP
8oz/230mL cup	\$27.95
12oz/340mL cup	\$29.95
25oz/740mL bottle	\$34.95

Designed and manufactured in Australia and made from a premium high-grade co-polymer that is FDA/EU approved, BPA free and fully recyclable at end of life. Dishwasher safe.

*Prices are excluding taxes and duties

New season color palette

Our hand-picked and curated collection of colors is a celebration of the seasons, with hues that range from the simplicity of neutrals, to pops of intensity reminiscent of a fearless voyager. Each color reflects moments in time for the urban adventurer.

From the extravagant escapism of aquamarine waters hinted at in Arcadia, to a moody retreat from the rain only to watch it through your rural cabin window, by virtue of Harbor Mist.

The 2019 range is an immersion into the seasons. It's for nature's wanderers. For those who walk off the beaten track. Those who use their daily commute as an opportunity to refocus and rebalance. Those who love a long road trip or a quick adventure. For cold wintry mornings and balmy, salty aired summer days.

It's an ode to the wanderlust in us all.

Co-branding & customization is easy

Differentiate and promote your brand. Increase demand by creating a positive image while saving the environment and costs.

When you co-brand with frank green you're actively protecting the planet while powerfully advertising your brand and values via a highly visible, portable, everyday lifestyle product.

You'll also positively impact your bottom line. With frank green you can reduce orders for disposable cups and waste management operating costs.

You can easily customize frank green with a full range of PMS matched logos to meet your brand guidelines. PMS color matching of lids, bases and buttons is also available for orders over 1,000 units.
