GLAD™

20 Gallon / 75.5 Liter Stainless Steel Step Trash Can with Antimicrobial Odor Protection of the Lid

With the 20 Gallon extra capacity, it fits 50% more trash and is perfect with the Glad Kitchen Pro Bags or any “Black Bag” with capacity of 20 Gallons or larger making it ideal for bigger families.

Antimicrobial Lid

Glad Stainless Steel Step Trash Can offers antimicrobial protection of the lid and frame that inhibits growth of odor causing bacteria for the life of the can.

Rear Bag Compartment

Save time by storing extra bags at the rear compartment of the can and dispense easily from the sides while can stays in place.

Bag Ring

Keeps your trash bag in place! You will never have a “fallen” bag problem with the Glad Stainless Steel Step Trash Can because the bag ring holds the bag in place and tucks away any excess bag.

Hinged Frame

With the Glad Stainless Steel Step Trash Can, the complete lid and frame hinges open so it's easy to get big, bulky trash out of the can.

Fingerprint Resistant

Stainless Steel is fingerprint resistant. This keeps the trash can clean and perfect looking.

Guide on how the hinged frame works. Sticker instructions on the inside lid

Press foot pedal to open lid

To hold lid in open position, release foot pedal and gently push lid back

To install bag onto bag ring - Fold bag over bag ring and tuck underneath.

Remove bag from bag ring to remove trash bag

For extra large trash loads, lift lid frame for easy bag removal - Lid must be in open position for lid frame to lift and "click" in place.
