## General Product Specs

**Item Name** Fabbrika Home® Rayon from Bamboo Kitchen Towels

**Product Description** Fabbrika Home Kitchen Towels are powered by patented Everplush® Technology, which combines the softness of rayon with the performance of a microfiber towel. Everplush's dual layer technology features grease-absorbing rayon from bamboo woven over a strong, durable microfiber core. Absorb, dry and wipe kitchen countertops and appliances like never before. Rayon from bamboo absorbs oil and grease better than microfiber or cotton, without the need for harsh toxic solvents and cleaning chemicals. With Everplush(R) technology, these towels absorb 10x their weight in water and will dry 3x faster than 100% cotton kitchen towels. Embrace a natural way to clean your kitchen and greasy stovetops without leaving streaks and residue!

- kitchen towels, 16 in x 24 in
- powered by Everplush® Technology for increased absorbency and faster drying than 100% Cotton

## General Product Specs

**Item Name** Fabbbrica Home® Dish Drying Mat, Large, 1 Piece

**Product Description**

Fabbbrica Home Dish Drying Mats are inspired by the small kitchen spaces found in Japanese homes. These mats take up little countertop space and circulate airflow to dry your dishes quickly and effortlessly. Made with ultra-absorbent microfiber, the fabric pulls water from wet dishes into the core of the mat and dissipates it for quick drying. The compact design means this mat is an easy storage solution, reducing clutter on kitchen countertops. Plus, it's machine washable.

performance bedding

**Item Name** Fabbbrica Home® CoolTouch™ Microfiber Sheet Set**Product Description**

Fabbbrica Home CoolTouch™ sheets are powered by Intelligent Jade CoolTouch™ Microfiber from Tricol. Each fiber is embedded with real jade powder to provide a natural cooling effect. Jade nanopowder has the highest evaporative heat loss index and lowest thermal resistance when compared to fibers such as polyester and cotton. By releasing heat and dissipating it, CoolTouch sheets can reduce bedside temperatures by lowering skin surface temperature anywhere from 10° F to 35° F. These microfiber sheets also wick away sweat and moisture, keeping skin dry throughout sleep.

- 6 piece set includes 1 fitted sheet, 1 flat sheet, and 4 pillowcases
- natural cooling effect powered by Jade CoolTouch™ technology balances body temperatures by 10° F - 35° F
- for medium-to-heavy sweaters, wicks away sweat keeping skin dry
- ultra soft microfiber feels silky smooth on skin
- machine washable

## General Product Specs

<b>Item Name</b>	Fabbri Home Thermal Sherpa Throw & Blanket
<b>Product Description</b>	<p>Fabbri Home brand Thermal Sherpa reversible blankets are powered by Intelligent Warming Microfiber. We embed volcanic rock powder into the fabric of each blanket. This volcanic powder naturally absorbs heat from your body and releases it slowly over time, preserving warmth up to 50° F more than other warming fibers. Turn the blanket around to reveal a plush faux Sherpa fabric that feels ridiculously soft on skin. This is a safe alternative to electric blankets, requiring no cords or electricity to keep you snug and warm. Available in twin, full / queen and king sizes.</p> <ul style="list-style-type: none"> <li>• Twin: 66 in x 90 in</li> <li>• Reversible faux Sherpa blanket with warmth retention powered by volcanic rock</li> <li>• preserves warmth up to 50° F more than other Microplush blankets</li> <li>• Natural alternative to electric blankets</li> <li>• machine washable</li> </ul>
