# One Drop Toilet Bowl Odor Preventer

## Fresh Drop

One Drop Before You Go, No One Will Ever Know!

### Efficient

Requires only one drop before using the toilet. Neutralizes odors before they can escape.

### Innovative

Creates an invisible layer of protection on the surface of the water. Highly concentrated plant extracts and detergents disinfect, freshen, and clean all at once.

### Effective

Eliminates instead of hides odors; unlike sprays, plug-ins or candles.

### Safe

Environmentally friendly, containing no harmful agents. Safe for use in all toilets and septic tanks.

### Convenient

Pocket-sized. Ideal for home, office, and travel. Available in 10ml and 20ml sizes.

# Automatic Toilet Bowl Cleaner

## Blue Drops Automatic Bowl Cleaner

### Automatic

Cleans the toilet bowl, automatically with every flush

### Durable

Each drop lasts up to six weeks

### Signature Blue Hue Drops

Made with balanced density and color.

### Easy on the Pipes

Safe for plumbing and septic systems.

### Add to your Regular Cleaning Regimen

Compatible for use with other cleaners and bleaches

## The Original Moth Repellant

IMS Moths Repellents use a higher quality and more pure Para dichlorobenzene and Naphthalene raw material which translates into a longer lasting moth ball.

Attractive packaging captivates the attention of every consumer while thicker poly bags (utilizing less plastic than the competition) conceal the odor of Para and Naphthalene.

## Para Facts

- Made from Para dichlorobenzene (99.80%).
- White, crystalline, volatile, water-insoluble solid ( $C_6H_4Cl_2$ , of the benzene series)
- Penetrating odor

## Naphthalene Facts

- Solid aromatic hydrocarbon
- Colorless, crystalline
- Solid at room temperature; very volatile
- Characteristic pungent odor
