smart Living

home & garden

Our corporate brand name, Smart Living Home & Garden, includes our family of three brands: Smart Solar, Smart Living Home & Garden, and It's Exciting Lighting.

In 2015, Smart Solar, Inc. became Smart Living Home & Garden in order to more accurately reflect our full range of product categories and core competencies.

The "Smart Living Home & Garden" name has also become a brand of its own and now includes all products from our previous brands: Smart Garden, Smart Design, Two Dogs Designs, and WeatherReady.

Our Smart Living Home & Garden brand offers a wide selection of indoor and outdoor living products including:

Battery Powered LED Candle Lanterns • Hammocks • Umbrellas • Protective outdoor furniture covers • Traditional birdbaths • Made-in-the-USA "Smart Cart"

Our signature Smart Solar brand offers a wide selection of solar powered products including:

Birdbaths & Fountains • Garden Décor • Functional Lighting

Our passion to solar technology is second to none, and many of our technological developments are patented and exclusive to us!

Our It's Exciting Lighting brand offers battery powered LED lighting solutions and requires no electrical wiring or cables. Decorative and Functional Lighting Products include:

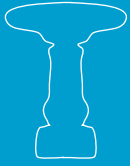

Scones • Reading lamps • Pendants • Cabinet lighting • Motion sensor lighting

Most of the products in this catalog are the exclusive design and property of Smart Solar Inc (DBA Smart Living Home & Garden), and we will actively pursue any infringement of our intellectual property, copyright and design.

In line with our policy of continuous product development, we reserve the right to change, vary or alter the product specifications without prior notice. Pebbles, containers, plants and other accessories used in photography will not be included with the product.

Smart Solar, Smart Living Home & Garden, It's Exciting Lighting names and logos are trademarks of Smart Solar Inc. © 2016 All Rights Reserved

OUTDOOR ACCESSORIES

From traditional birdbaths and cascades to modern fountains, solar powered water features create a soothing atmosphere with the gentle sound of running water without the need for electricity. Each water feature incorporates a solar panel, either subtly integrated within the product itself or on a stake up to 10 feet away that can be positioned in optimum sunlight.

Solar-on-Demand: take your solar fountain to the next level!

Our Solar-On-Demand technology uses a self contained proprietary battery that is attached to our patented solar panel & pump system. A simple on/off switch gives you the ability to control when you want your fountain to run: day or night!

In the **ON** position, the fountain runs like a standard solar panel, however, when a cloud passes over head, the battery back up will automatically activate and the fountain will continue to operate without interruption. This function allows for uninterrupted water flow on most days unless there are consecutive days with very little sun to charge the battery.

In the **OFF** position, the fountain will divert all the power to charging the battery. Simply leave the unit turned off to charge and when you're ready for your evening garden party, simply turn the switch to the **ON** position. With a full charge, the unit will function for up to 6 hours at night.

Smart Cart 450

SLC450

39.0"L x 23.0"W x 27.0"H

- 4.5 cubic feet payload capacity / 5.5 cubic feet heaped capacity. 300 lbs weight capacity.
- Uni body construction made from special impact cold temperature modified poly material
- 6 slots for easy storage of garden tools
- Durable 10" impact molded poly wheels with 5/8" galvanized steel axle
- Back feet prevent cart from moving or rolling on inclines

Durable and weather resistant, our Smart Living covers offer the very best in protection for your outdoor furniture and accessories. Originally acquired under the Two Dogs Designs name, we've kept the same high specifications to ensure the quality you've come to know and love. Our domestic line features heavyweight polyester with PVC linings, enhanced UV treatment, double stitching, elasticized bottoms and hook & loop fasteners to tie them down. We also offer a full line in lower spec for budget conscious programs

Our 2' and 4' Grid Display Racks are perfect displaying any of your Smart Living merchandise: double sided for added exposure with lockable wheels, adjustable shelving, and side prongs. Ask for details!
