PORTABLE ELECTRIC NAIL TRIMMER & FILER

Description:

Innovative and Easy to Use for Quick and Comfortable Nail Trimming and Filing. Cutting and shaping your finger and toenails can be difficult with regular nail clippers, especially when you try to cut them with your “weaker” hand. Our Electric Nail Clippers is perfect for the job. It doesn't matter if you're right handed or left handed- this clever device does all the work for you, gently trimming as you guide them round the contours of your nails to achieve the perfect shape. Perfect for cutting children's fingernails as it won't hurt like a regular nail clipper or scissor may. The Innovative technology is quick, safe and comfortable for nail trimming ,clean up brush included.

Benefits:

- Innovative, safe and pain-free
- Two cutting modes
- Sharp alloy tool bit for quick speed nail trim
- Convenient to use push style switch
- Light frame with comfortable handle
- Low noise design
- Operates on 2 x 1.5v AA size alkaline batteries (not included)
