AROMA DIFFUSER W/REMOTE

DESCRIPTION:

Ultrasonic transducer vibrates at a steady and high frequency that makes the molecules of water and the essential oils so tiny that it is easily absorbed by the body. This creates the negative ions and moisturizes air & skin allowing you to enjoy the aromatherapy effectively.

- 7 Auto fading changing colors of LED lights that keeps you soothed and creates a relaxed romantic ambience.
- Running time can bet set at 1, 2 or 3 hours in continuous mode or 2, 4 or 6 hours in intermittent mode.
- Auto shut off at low water level
- Portable, quiet and easy to operate
- Water Tank Capacity 4.4 ozs.
- Mini Humidifier, Aromatherapy & Air Freshener all in one. Helps offer an array of health benefits & spa like atmosphere.
- Product Dimensions 5.11" x 5.11" x 6"
- World wide voltage 100-240V
