HEATING SHIATSU MASSAGE PILLOW

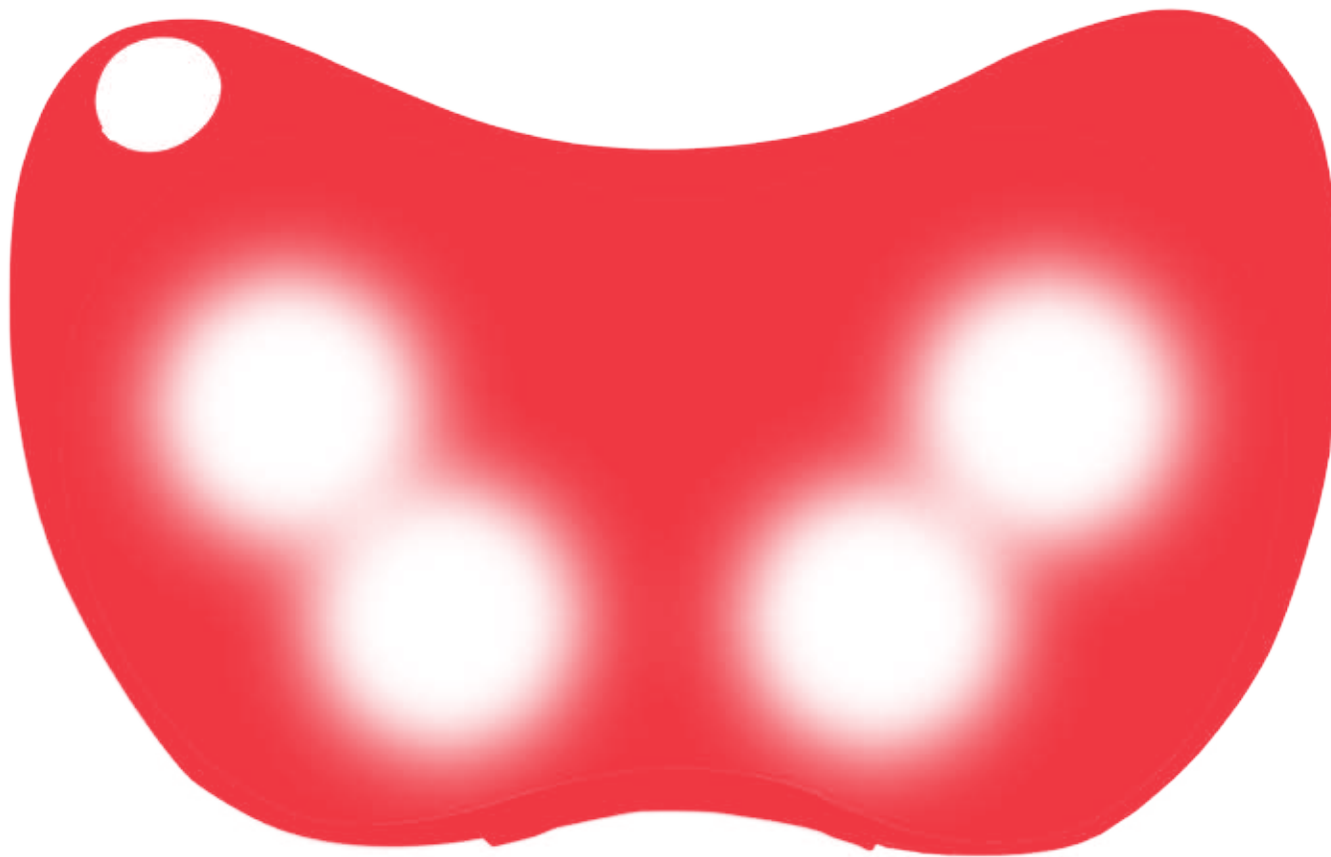

Relieve tension and aching muscles without visiting a spa. The Heating Shiatsu Massage Pillow from Sharper Image® cradles the neck between two sets of massage nodes, kneading deep into tired muscles along the neck, shoulders, and upper back. The nodes can reverse direction automatically or manually for ultimate comfort. Turn on the pillow's heat feature to spread soothing warmth throughout tense areas. Strap the massage pillow to a chair or headrest and flip on the 15-minute timer for uninterrupted bliss.

It's not difficult to escape the hustle and bustle, even for just a few minutes. The Dual Roller Foot Massager from Sharper Image is compact and quiet enough to keep under a desk at work or under a table at home. Move your feet across the rollers for stimulating massage that targets aching spots. Use the rollers with or without the relieving vibration feature, which can be activated with the touch of a button. Control the intensity of your massage by applying less pressure for gentle relaxation or more pressure for invigorating relief. Each roller moves on its own, so you can massage your right and left foot at different intensities and speeds.
