for your PoS.

THE IDEA BEHIND meori®

Three easy steps. One box. Simply ingenious.

The idea behind meori® *foldable boxes* is as easy as it is impressive: In just three quick steps, a slim case turns into a stable box that can be used on the spot. Organize, store, and transport just about anything, at home, in the office or on-the-go. And when you don't need it, the box can be folded back down into a space-saving slim case, held together with an elastic strap.

Push the elastic strap back, unfold the box, press down the bottom. With a flick of the wrist, you can turn the slim case into a robust, stylish box. Meori's smart design makes it the perfect companion – anywhere, anytime.

To ensure meori® *foldable boxes* stand out and drive sales, you can choose from various displays depending on the size of your store and the placement options available to you.

CLEVER & EFFICIENT

Our meiri® large display on wheels offers space for up to 80 meiri® *foldable boxes*. It guarantees a clear overview and attractive presentation from any angle. There is even plenty of room to display the broad range of meiri® accessories.

The meiri® display is made of high-quality, stable plywood. The wheels enable you to easily and quickly roll it into place. What's more, the space at the top for the sign is also suitable for installing a monitor showing the meiri® image video. To present meiri® *foldable boxes* opened up, two small shelves can be inserted in the front or on the side of the display in just a few short steps.

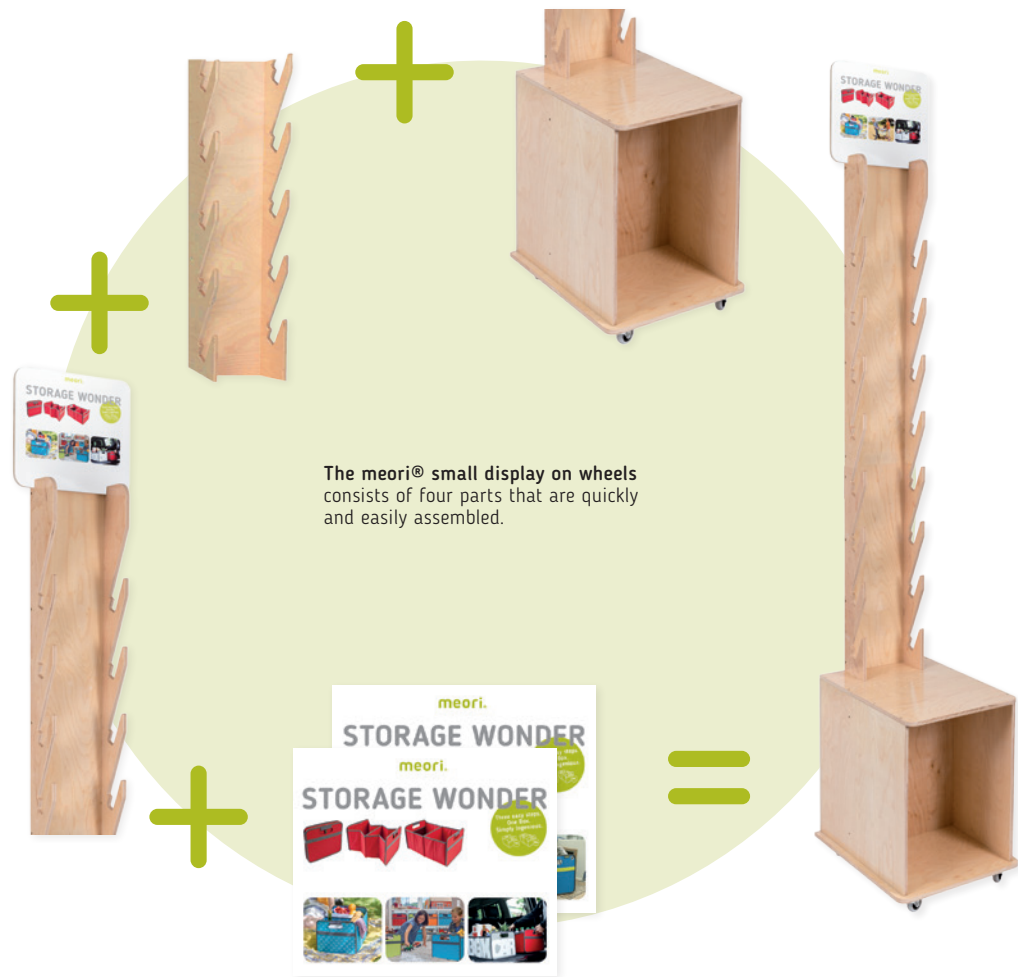

The three sides of the display hold up to 30 meiri® *foldable boxes* or accessories. The backside of the display offers storage for an additional 50 products.

View of the back

Everything at a glance: The meiri® display on wheels offers space for up to 80 products.

SLIM & SMART

The meori® small display on wheels is space-saving, making it ideal for smaller stores or sales areas.

Despite its slim silhouette, the meori® small display on wheels can attractively and clearly present up to eight meori® *foldable boxes*. It is equipped with four wheels, enabling you to quickly and easily move it around. Thanks to its stable construction, the meori® small display on wheels can be installed either on a wall or act as a stand-alone display.

The meori® small display on wheels has a removable sign at the top and features an integrated presentation space for showcasing the meori® *foldable box*, perfect for grabbing the customer's attention. What's more, the meori® small display on wheels can be enhanced with a monitor for showing the meori® image video.

Below the presentation area for the meori® *foldable boxes* is storage or presentation space for up to 18 additional boxes.

Compact and eye-catching: The meori® wall display lets you present up to 26 products.

The meori® display box consists of four parts that are easily and quickly assembled creating a space-saving display.

MINI & MAXI

With the meori® display box, you can clearly and effectively present meori® *foldable boxes* in a very small space. The meori® display box looks just like the classic meori® foldable box and offers space for up to 20 meori® *foldable boxes* and accessories.

Maximum flexibility: The two storage compartments can simply be folded and snapped together. Depending on how much space you have available at your PoS, you may use the meori® display box in its mini or maxi version. The signage with lifestyle images demonstrates to the customer the versatility of the meori® *foldable box*. Internal cardboard steps allow for a cascading presentation of the products. Display box can be used with or without signage and cardboard steps.

Either mini or maxi:
The meori® display box can cleverly present up to 20 products at a glance.
