## Extreme Steam System:

- Continuous steam for crisp results in a single pass.
- Horizontal burst of steam eliminates the toughest wrinkles.
- Vertical burst of steam easily removes wrinkles from hanging items.

## Patented Auto-Lift Technology:

With iTouch, the iron instantly lowers. Let go, and it automatically lifts above the fabric, to provide:

- Safety: eliminates the risk of accidental burns or the iron toppling over.
- Efficiency: reduces ironing time by 30%; no steam drift and no drips.
- Ease of Use: no strain on wrists or elbows.

## Automatic Shut-Off

Shuts iron off if left unused, restarts with a single touch.

## Anti-Drip System

Helps prevent spitting and leaking.

## Easy Access Fabric Selector

Helps prevent spitting and leaking.

## Self-Cleaning

Maintains your iron's performance with easy flushing.

## Safer

Stop scorching, accidental tipping and falls, and running into a hot iron (ouch!). Oliso smart irons' feet keep the iron more stable, preventing tipping. The feet raise when you take away your hand to prevent scorch marks and burning. The horizontal position is better for your arms - no more nasty run ins with a hot soleplate. No wonder it won a Home Safety Council Award.

## Faster

Get in and out of the laundry room in no time. The Oliso smart iron saves up to 30% pressing time. Just slide to the side and keep working.

## **Ergonomic**

No more repetitive lifting, easing strain on wrists and shoulders. Easily fill the water tank from the side. You'll find the ease of use of the Oliso smart iron simply addicting.

## **Fun**

Who knew ironing could be fun? Enjoy the end result of crisp linens and clothing and enjoy the process too. Think of it as your laundry assistant that responds to the touch of your hand. The Oliso smart iron is so friendly, many of our users have named their irons. What will you name yours?
