# Kitchen Textiles

*Powered by Everplush® Technology*

- Enhanced Performance: More Absorbent, Faster Drying, Longer Lifespan than ordinary cotton linens
- Mix-n-Match Materials for Terry and Yarn Applications
- Ideal for: tea towels, flour sacks, bar mops, dishcloths, kitchen towels and chemical-free cleaning

## Dual Loops = Not Your Ordinary Towel

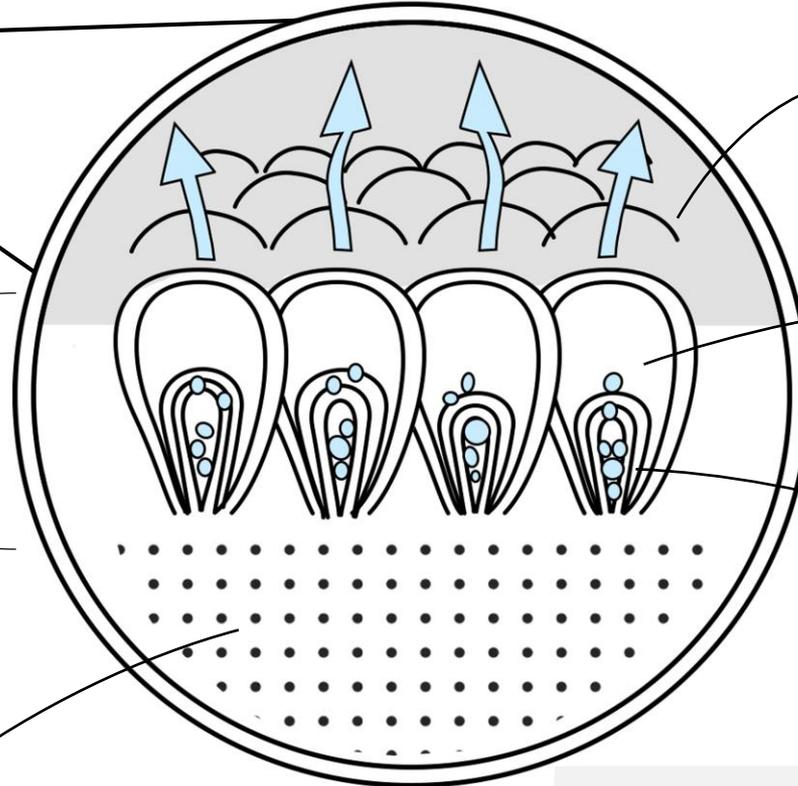

### Dual Loop Structure

Skin only touches top layer but benefits from hidden quick-drying and moisture-wicking microfiber loops

### Built-in Durability

Microfiber loops secure top loop layer for consistent plushness & long-lasting performance

### High Loop Top

Surfaces only interact with the top loop of any Everplush® fabric

### Air-Flow Action

Air passes through loops and evaporates moisture quickly

### Low Loop Core

Microfiber or other performance material comprises the lower loop enhancing the overall power of the fabric
