

ESW200

ELECTRIC SHOE WARMER

DESCRIPTION:

The Pursonic ESW200 Electric Shoes Warmer is great for all types of shoes, boots, gloves, hats, and accessories. Anything damp, cold or musty. Great for work, hunting, sports, fishing, gardening, hiking, kids at school and play. Reaches those hard to get places where wet can hide. Safe, quiet, warm, even airflow reaches the toes of boots and finger tips of gloves and mittens. Removes damp, sweaty, smelly perspiration and bacteria overnight. Safe, simple and cost-effective. Just plug it in and let the warm, dry air circulate overnight.

BENEFITS:

- Dries, Disinfects & Deodorizes Shoes & Gear
- 110V 60 WATTS
- Warms up to 113 degrees fahrenheit
- Strong and sturdy construction made from White Coated Carbon Steel with internal heating element.
- 5.9 Foot Power Cord
Holds 4 pairs of shoes/boots (short)
