

## ***YOU'VE HEARD THE STORIES. YOU PROBABLY HAVE A STORY.***

---

It might be that time that you froze your butt off ice fishing with your granddad. You were hypothermic, but he had hot cocoa. Or that last epic camping trip with your buddies. You were the hero who brought the ice cold, hoppy goodness. We've heard those stories, too. Heck, the Stanley brand has been right there with you. For over 100 years it's been awesome to be recalled in your memories and to be a part of your best moments. We are psyched to be your loyal companion, support all of your vices, and get you through your day.

SINCE 1913

**WE ARE STANLEY.  
WE ARE ORIGINAL.  
WE ARE USEFUL.**

**WE ALWAYS ANSWER.  
WE'RE NOT A TREND.  
WE DON'T DO FUSSY.**

**WE WILL NEVER  
LET YOU DOWN.**

**TOGETHER,  
WE ARE  
UNBREAKABLE.**

**BUILT FOR LIFE®**

Stanley invented double-wall steel vacuum insulation. We lead the industry, creating solutions that make life better. We continue to create legendary technology to serve the all-day food and beverage needs. Our products do what we say they do or we replace them. **We guarantee it.**

**STANLEY TECHNOLOGY BREAKDOWN**

**STAINLESS STEEL VACUUM INSULATION**

In 1913 William Stanley invented double-wall steel vacuum insulation. This ultra-durable alternative to the then glass-lined thermoses is the foundation of the brand today – durable, reliable, incredibly useful and incredibly effective in preventing energy transfer.

**QUADVAC™ INSULATION**

Adds a double layer barrier to double wall vacuum insulation. The four layers add protection from convective, conductive and radiant energy transfer. QuadVac™ insulation locks in heat or cold better than any other technology out there.

**CERAMIVAC™ TECHNOLOGY**

A durable, smooth ceramic fired finish that is combined with stainless steel vacuum insulation. This new finish provides an optimal balance of durability, cleanability, stain resistance and none of the metallic taste or smell. It's also PFOA and PFTE-free.

## SPRING 2018 NEW COLLECTION + PRODUCTS!

---

This spring, the Stanley brand brings to you a new collection and new products that will serve all those vices...ahem, we mean your all day food and beverage needs. We've crafted products to handle your crazy adventures, your relentless work ethic, and your everyday, on the go demands. We are ready when you are -and together we'll kick ass.

# INTRODUCING GO SERIES WITH CERAMIVAC™

We wondered if you loved your favorite old ceramic coffee mug for reasons more than it boasts 'Pirates love the booty' or, if it was because you liked nuking your coffee before you'd even finished your Cheerios so, we did some research.

Turns out that you actually liked the smooth fired finish of the ceramic and the fact that it didn't smell like an old penny like that tin camp mug you used as a kid. And you wished it stayed hot longer.

Well, we just made your new favorite, the GO Series with Ceramivac™ - with all the same tough Stanley steel + famous thermal retention, now with Ceramivac™ technology, a smooth fired ceramic finish to tame your inner savage.

And like every great pirate, you only wanted one cup for tea, water and rum so, this collection serves you long past breakfast. Coffee in the morning, water all day and backyard beers at night just - Drink. Rinse. And GO.

## A SMOOTH-FIRED CERAMIC FINISH TO TAME YOUR INNER SAVAGE.

GO SERIES

Ceramivac™ technology combines the smooth-fired feel of a ceramic mug with legendary Stanley insulation. No metallic taste or odor.

# INTRODUCING MASTER SERIES

Spring 18 we are adding some bad mamma jammies to the already tough Master Series line. Welcome the Master series water bottles, our new line of water bottles that will keep your water so cold that you will get a brain freeze at hour 1 AND hour 12.

## BADASS + TOUGH AS NAILS

***ADDS A DOUBLE LAYER BARRIER TO OUR DOUBLE WALL VACUUM INSULATION.***

**WITH QUADVAC™  
TECHNOLOGY, YOUR  
COFFEE WILL STAY HOT  
FOR UP TO 40 HOURS.**

The Master Series, Stanley's rugged new line of vacuum insulated bottles and mugs. From rolling out of the back of your moving truck to falling off the chairlift, its 1mm thick stainless steel can take all of your beatings. You can fill it with hot coffee in the morning for work and still have hot coffee the next morning for your adventure. With Stanley's new QuadVac™ technology, your coffee will stay hot for up to 40 hours and is dishwasher safe. Made to be there for you all day, every day.

# COLD DRINK

EPIC ROAD TRIPS. LONG HIKES. HOT SUMMER DAYS.

Epic road trips, long hikes, and hot summer days all deserve a cold drink. With Stanley's line of dishwasher safe water bottles, quenchers, and tumblers you don't have to worry about warm water flavored soda. Our double wall, stainless steel vacuum technology will keep your ice from melting and your frosty beverage cold up to 11 hours. All you have to do is fill 'er up and go!

# VACUUM BOTTLES

WE WILL CONTINUE TO KEEP YOUR COFFEE HOT

The Stanley stainless steel, vacuum insulated bottle was invented out of necessity. It was built to last more than your lifetime. Today, the needs may be different than 100 years ago, but the promise is the same. Our classic, Hammertone green bottles and our new Master series bottles are built for your job, your next fishing trip, and your next dawn patrol. They will keep your coffee hot for up to 40 hours and keep you going for your whole life. We guarantee it.

# MUGS

ALL YOU NEED IS THE COFFEE, WE'VE GOT THE REST

Every morning, without fail (hopefully) you grab your keys, your bag, and your travel mug. Those are the three things you need to get out of the house. No matter where you are going, we've got a mug to take with you. Our mugs fit in your car, in your commuter bag, or even clip to the side of your backpack. You don't need one of those weird brown, coffee sleeves because our mugs don't burn the hell out of your hands. All you need is the coffee and we've got the rest.

# COOLERS + JUGS

LIGHTWEIGHT FOR ON-THE-GO

At Stanley, we don't do fussy. We don't overdo it. For instance, take our coolers and jugs. You can pick them up by yourself. There's no mythical beasts weighing them down. They hold a ton of beer. They do not hold small children. You can show up with some crazy cold water on a blazing hot day. They camp, they tailgate, they are durable, and reasonably priced for your not-so-reasonable life.

## ADVENTURE Cooler 16QT

## COOK + BREW

SPACE SAVING SYSTEMS

Your camping box: It houses everything from toilet paper to crappy plastic containers full of questionable coffee grounds and cookware from Salvation Army. You are over it. And we were too. So we made space-saving cook and brew systems that are as good as what you would use at home, and so good that you might actually want to use them at home. We've got everything you need. Large and small pots, multi-layer based fry pans, cutting boards, and multiple ways to make coffee. Now you can use your Tetris skills on something else.

### ADVENTURE Base Camp Cook Set-4x

- ▶ 3.7QT / 3.5L
- ▶ 18/8 stainless steel pot + vented lid
- ▶ Multi-layer fry pan for even heating
