QIK FRAME is an exciting new evolution in home decor. This reinvention of the universal picture frame offers new and creative opportunities to regularly and easily change your decor, update family pictures, decorate with inspirational quotes, seasonal accents, or showcase your latest creations.

QIK FRAME looks like any other frame, offering a variety of styles and sizes with impeccable beauty and consistency, but with many features that are sure to change the status quo. It is well-positioned to capitalize on the current trends in gallery wall decor and printable art and also offers a variety of solutions for business and educational settings.

Quality Innovation & Kindness
Kindness to our customers, our business relationships, and our planet

QIK FRAME is Different
QIK FRAME is manufactured with the glass secured in the frame

Flexible
Hook and loop fasteners allow you to switch portrait or landscape

Beautiful
Made with up to 85% recycled polystyrene. Highest quality finishes and impeccable consistency.

Showcase and Store
Change pictures in second and even store extra prints! You can even hide documents or cash for quick access.

Discrete
Looks like any other frame, but the QIK FRAME backing is clearly not like any other.

Lift the frame

Place print against glass

Lower the frame

No Nails!
Hangs in seconds with strong but fully removable adhesive. Simply rehanging with 3M Command™ strips.

game changing design...

Slowly **Lift** the frame. Print will fall back.

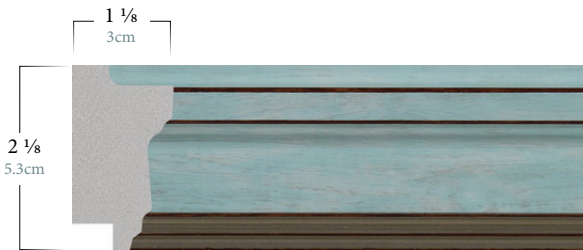

Catch print from the side and remove.

Safe and Secure
Available with break resistant and scratch resistant acrylic for added safety.

Backing
The QIK FRAME backing holds your prints in place with gentle distributed pressure. It also helps protect your wall from damage
