

2017

Monkey Business has been adding the extra to the ordinary since 1994. We shine a light on the little things that make up your day so you can see them from a new perspective. It is our aim to bring beauty and originality to the home & office and to help organize surroundings with style.

Our products are expertly designed yet affordable. Practical yet humorous. We champion the leading product designers of Israel, from talented youngsters to experienced professionals – they all contribute to our wide ranging and eclectic mix of innovative design gifts.

This winter there is a hint of magic in the air – tooth brushes come down to earth a la' Mary Poppins, a shopping bag pops out of a hat, radishes transform into mushrooms. To behold the magic, say abracadabra three times, wave your finger and turn the page...
