## — · >> BREAD << · — THE RISE OF BAKING

### SUPERSTONE® LA CLOCHE™ #1005

The Superstone® La Cloche™ was conceived, developed and produced by Sassafras over twenty years ago. It was inspired by the ancient Etruscans who put their bread dough on hot rocks in the sun and covered it with a stoneware lid. The intense dry heat would bake the bread, producing a superior crispy and crackly crust. Now you can re-create their baking method right in your own standard kitchen oven. The dome-shaped La Cloche™ helps circulate the air throughout the piece, while the Superstone material pulls moisture from the dough, producing a crackly crisp crust and light crumb. The base of the La Cloche™ can also be used for country pies, quiches or deep dish pizza. Once you bake with the La Cloche™, you'll wonder how you ever made bread without it! Bakes a standard one pound loaf. *Outer Measures: 11" Diameter x 2"H (base). 8"H including lid. Inner Lid Measures: 10.75" Diameter x 5.5" Deep. Inner Base Measures: 9.75" Diameter x 1.5" Deep. Box Measures: 13"L x 6.5"W x 13"H.* CASE PACK: 4 • COST: \$30.00 EA.

### BREAD PROOFING BASKETS See Page 3 for Details

**THE SUPERSTONE® BREAD DOME™ #2577** The Superstone® Bread Dome is the ideal baker for "No-Knead" Bread, as popularized by Jim Lahey of Sullivan Street Bakery in New York. The domed shape allows air to circulate around the baker for a uniformly-browned crust. The unglazed lid helps pull moisture to create a crackly crust and light crumb like those in breads baked in professional brick-lined ovens. The added hole in the lid allows some steam to escape to ensure a crispier loaf. The glazed bottom allows you to use the Bread Dome for chickens, roasts and one-pot meals without absorbing their flavors. This is truly a versatile piece! Includes recipes from Mr. Lahey's cookbook, "My Bread," as well as other delicious dishes! *Outer Measures: 9.5" Diameter x 4.5"H (base). 8"H including lid. Inner Lid Measures: 8.25" Diameter x 3.25" Deep. Inner Base Measures: 8.75" Diameter x 3.75" Deep. Box Measures: 12"L x 4.25"W x 7.75"H.* CASE PACK: 4 • COST: \$30.00 EA.

0 22561 02577 3

**SUPERSTONE® COVERED BAKER™ #2575** The oblong shape of our Superstone® Covered Baker™ is ideal for an Italian loaf of bread. Also, for the bread-baking enthusiast, the Covered Baker™ and the La Cloche™ can fit together on a standard oven rack when baking two loaves of bread at once. Bakes a standard one pound loaf. *Outer Measures: 14.5"L x 5.5"W x 2.5"H (base). 6"H including lid. Inner Lid Measures: 14.25"L x 4.75"W x 3" Deep. Inner Base Measures: 14.25"L x 4.75"W x 2.5" Deep. Box Measures: 16"L x 6"W x 8"H.* CASE PACK: 4 • COST: \$30.00 EA.
