

SERENE HOUSE | Making Scents

SERENE HOUSE fulfills the growing demand for fresh and healthy air to counterbalance the stress and pollution of fast-paced urban environments. SERENE HOUSE is dedicated to developing personal air care products and fragrances that help improve your sense of well-being through scent, sound and visual aesthetics.

At SERENE HOUSE we are committed to using our knowledge of the history of fragrances in order to help balance a hectic contemporary lifestyle. We are pioneers at bringing an air of nature to modern life. The historical heritage of Chinese perfume burners, early Indian vapor rooms and environmental fragrance devices from Rome has inspired SERENE HOUSE to create innovative technologies and contemporary designs that will bring soothing fragrances to your home.
