TheWand™

A Healthier Way to Drink Wine

The concept of The Wand™ by PureWine was born from a love of wine. Developed by a father and son scientific team, David and Derek Meadows, who set out to discover a way for people to enjoy wine without the adverse reactions many people experience, such as headaches, congestion and skin rashes.

Wine & Allergies?

The Wand™ by PureWine, with patented nano-pore resin technology, selectively targets undesired histamines and sulfite preservatives the moment it touches the wine in your glass. If you #WandIt before you drink it, The Wand™ will help you enjoy your wine *and* tomorrow morning.

Wine Side Effects By The Numbers

Up to 75% of wine drinkers have experienced adverse reactions to sulfite preservatives and histamines

Sulfite and Histamine Removal with The Wand™

How It Works

Use one Wand per glass of red or white wine (6oz)

Testimonials

"I literally quit drinking wine - period - until I found YOU! And now, my wedding guests know your greatness, too. Thank you!"

Dina Eastwood // TV Personality, Carmel, CA

"We are crazy for The Wand! It's magic!"

Suncoast View (ABC-TV) // Sarasota, FL

"The Wand is revolutionary in its ability to enhance the dining experience at a restaurant. Guests can now pair or explore any wine on the menu without side effects from histamines and sulfite preservatives."

Judd Fruia // Sommelier & Director of Operations, The Ranch at Las Colinas, Irving, TX

"This wine wand is so cool - place the wand in a glass of wine, swirl and soak, and remove the wand -- it removes the sulfites and histamines. No headache!"

Aly Walansky // Beauty/Travel/Lifestyles Writer
@FoodandWine @BravoTV @TODAYshow

"I tried it & loved it. I have allergies to pollens & this definitely helped. I love wine!"
