

Aquavista Panoramic Wall Aquariums

The World's Most Advanced Wall Mounted Aquarium

Aquavista Panoramic Wall Aquariums are widescreen wall aquariums that hang like plasma televisions. Ideal for fresh water tropical fish, the self-contained Panoramic Series is completely pre-assembled and so low maintenance that you no longer have to feed the fish. Just hang, add water, and fish!

PRODUCT HIGHLIGHTS

- **Low Maintenance** – Completely pre-assembled with: auto feeder, heater, filtration, air pump, CO2 generator, and lighting
- **Space Saving** – Less than 6 inches thick! Hang on any wall to save valuable floor and counter space
- **Automated Fish Care** – Touch Screen Panel allows you to set it and forget it!
- **Easy Set Up** – Fish care accessories and mounting brackets included
- **High Quality Construction** – Made from Shatter-resistant tempered glass, acrylic and aluminum

Aquavista Panoramic Product Details

Everything you want and more

An automatic feeder. A carbon dioxide generator. A sleek LCD touch-screen control panel that does everything. All these things are self-contained and come included with the Aquavista Panoramic Wall Mounted Aquarium.

LCD Touch-Screen Control Panel
Control freak? Mounted on the right side of the aquarium, this touch-screen operated remote controls everything the fish tank is capable of doing.

Automatic Feeder
Feeding your fish is no longer a chore, thanks to the built-in automatic feeder that can be programmed using the LCD Touch-Screen Control Panel.

Climate Control
Using the LCD Touch-Screen Control Panel, even the temperature of the tank can be adjusted, leaving your fish completely comfortable.

Carbon Dioxide Generator
Emulate authentic underwater life with the built-in carbon dioxide generator. Not only will your fish be in display, your live plants will thrive.

Air Pump
The air pump adds movement and life to make the most out of your water.

Advanced Lighting
Fish no longer have to worry about swimming in the dark thanks to the lights on the hinged lid of the tank.

Water Pump
The Panoramic comes equipped with two water pumps that are built on the sides of the aquarium, so they are hidden from plain view.

Easy-Mount Brackets
Included are industrial steel brackets that make the aquarium safe and easy to mount. Just hang, add water and fish.

Aquavista Panoramic Wall Aquariums are available in silver and black and different sizes, starting at 1480 mm up to 2980 mm
