FACIAL STEAMER

Bring a spa-like experience into your home with this professional-quality pro facial steamer. Relax and indulge yourself, as luxurious micro-steam technology hydrates and purifies-the skin in one simple step revealing a dewy and soothed complexion in as little as nine minutes. An ideal way to begin any at-home facial, this tool enhances the benefits of any skin care regime. The skin is primed for exfoliation and product application, accelerating the absorption and effectiveness of products that follow.
