# Bathroom & Kitchen Textiles

*Powered by Everplush® Technology*

**Enhanced Performance:** better than 100% cotton terry fabrics in the following ways:

- More Absorbent
- Faster Drying
- Longer Lifespan
- Softer After Every Wash

**Unique Material Stories:** Mix-n-Match Materials across Terry and Yarn Applications to combine performance materials and functional add-ins to gain additional fabric features including:

- Odor Absorption
- Antibacterial Feature
- Cooling Feature
- Antifungal Feature

**Ideal for:** kitchen coordinates, bathroom linens, travel towels, pet linens, hospitality linens

# Bath Linens

*Powered by Everplush® Technology*

- Made with Zero-Twist Cotton & Combination Microfiber (80% Polyester / 20% Polyamide)
- Fast Absorbing: holds 3x its weight in water
- Quick Drying: hang dries < 1 hour; machine dries < 30m
- No Visible Linting
- Resistant to Odors & Mildew
- Can use Antibacterial MF yarn to provide antibacterial feature or Charcoal MF yarn to absorb odors

Everplush® Bath Towels are the Plushness of Cotton, with the Benefits of Microfiber

([www.Everplush.com](http://www.Everplush.com))

# Kitchen Textiles

*Powered by Everplush® Technology*

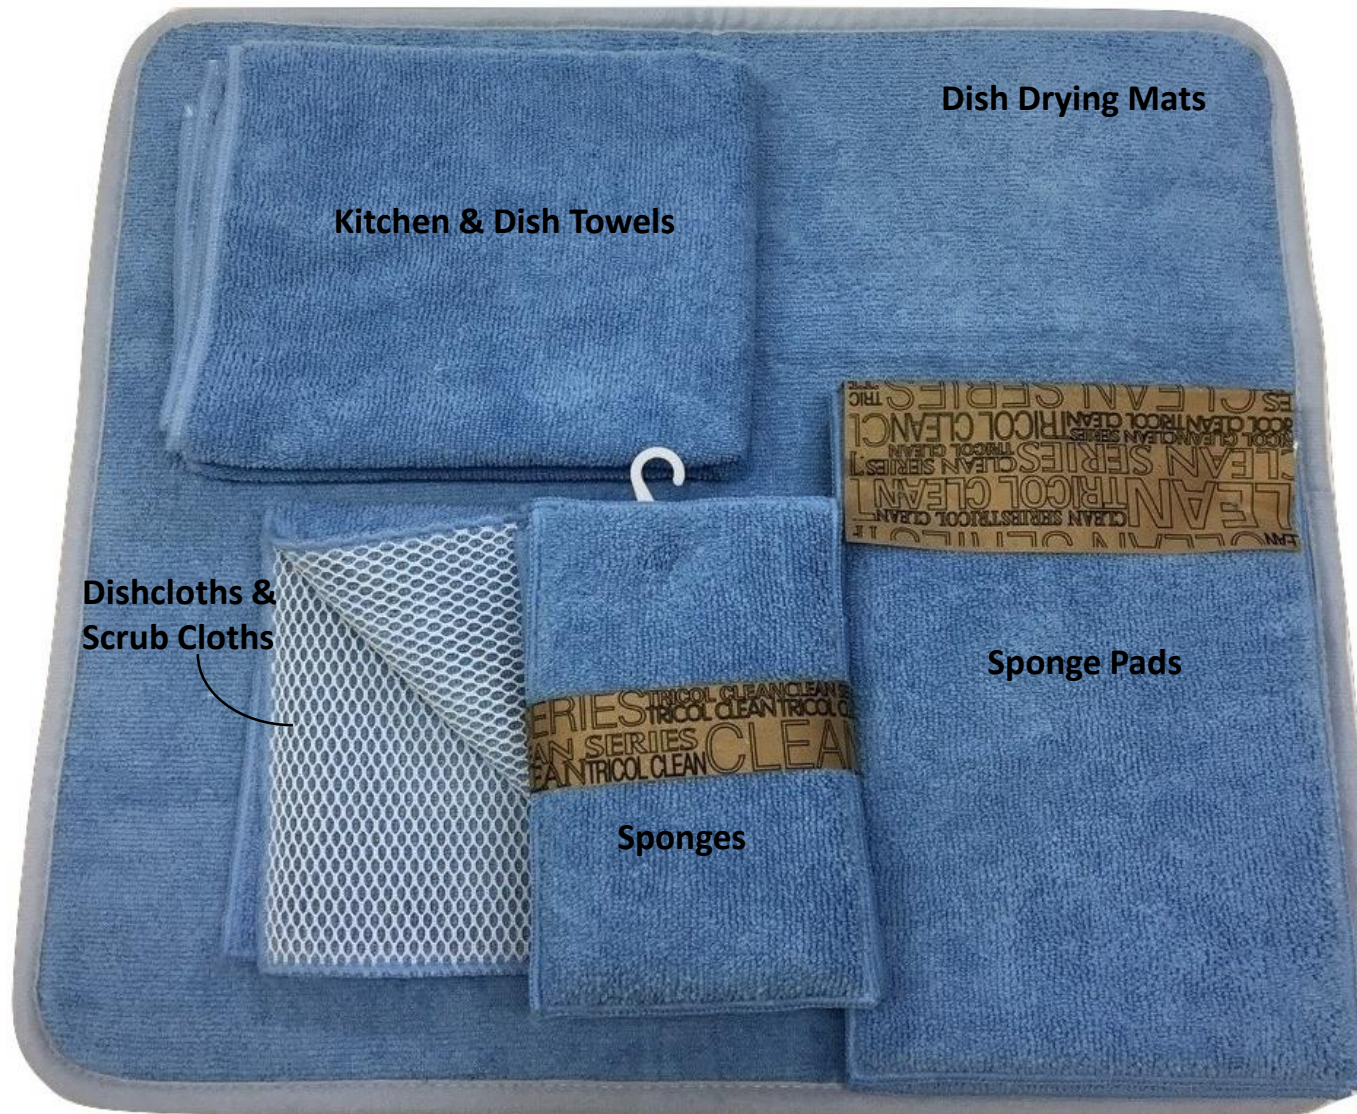

- Made with Rayon from Bamboo & Combination Microfiber (80% Polyester / 20% Polyamide)
- Rayon from Bamboo cleans up oil and grease better than cotton
- Ultra-absorbent microfiber core picks up liquid, dirt and dust like a magnet
- Easy-to-clean; machine washable
- Reusable 300+ washings

# Microfiber Kitchen Coordinates: Fabric Stories Across Product Categories

*Powered by Tricol Intelligent Microfiber*

## Other Product Applications

- Scrub Sponges
- PU Sponge Covers
- Light Duty Scrub Cloths
- Heavy Duty Scrub Cloths
- Mop Pads
- Cleaning Cloths
- Cleaning Mitts & Gloves
- Napkins
- Placemats
- Tablecloths & Runners

# Microfiber Kitchen Coordinates: Fabric Stories Across Product Categories

*Powered by Tricol Intelligent Microfiber*

## Key Fabric Styles for 2018-2019 Kitchen Coordinates Collection:

### 1. Dual Action FBZ

- 88% Polyester / 12% Polyamide
- Flat Side for drying & polishing flat & even surfaces like glassware and coated dishware
- Terry Side (FBZ) for polishing cutlery and drying uneven surfaces

### 2. Antibacterial FBZ

- 70% Polyester / 30% Polyamide with AB Silver Add-In
- Antibacterial Rate  $\geq 99.9\%$
- Cleans without need of chemical cleaners and sanitizers
- Ideal for cleaning all surface types

### 3. Jacquard "Waffle" Weave

- 80% Polyester / 20% Polyamide
- Durable for wiping away dust and dirt across hundreds of surface types
- Ideal for polishing glassware

# Microfiber Kitchen Coordinates: Fabric Stories Across Product Categories

*Powered by Tricol Intelligent Microfiber*

Key Fabric Styles for 2018-2019 Kitchen Coordinates Collection:

## FROM GREEN TO GREENER: household textiles that support green living

### 4. Recycled Microfiber with Antibacterial Yarn:

- 70% Polyester / 30% Polyamide with AB add-in
- Inhibits bacterial odors, mold and mildew growth
- Suitable for everyday use; cleans without chemicals
- Made with 50% Recycled Materials to support green living

### 5. Renewable Bamboo Fiber Cloth

- 100% Bamboo Fiber, 540 GSM
- Terry fabric lifts grease and oil from surfaces with ease
- Easy-to-wash construction
- Lint-Free
- Biodegradable to support green living

# Antibacterial & Eco-Friendly Napkins & Placements

*Powered by Tricol Intelligent Microfiber*

## Materials :

- 70% Polyester / 30% Polyamide with Antibacterial Add-In

## Features and Benefits :

- Made from 50% Recycled Materials
- Recycled Microfiber is suitable for everyday use
- Natural Antibacterial Add-In inhibits bacterial odor, mold and mildew growth.
- Powered by Tricol Intelligent Microfiber (*high performance microfiber*) for better water absorption. Fabric is also effective at dust removal & chemical-free cleaning

# Messy Kitchen Cleaning Cloth & Sponge

*Powered by Renewable Bamboo Fiber*

## Features

- Terry fabric lifts grease and oil from surfaces with ease
- Easy-Care: features loop hang-drying and easy-to-wash construction
- Lint-Free
- 100% Rayon from Bamboo, 540 GSM
- Biodegradable to support “Green” Living

## Ideal for:

- Kitchen Sinks & Counters
- Dishware & Glassware
- Greasy Stovetops & Ranges
- Fingerprint Removal

# Non-Woven Dish Cleaning Wipe

## Features

- 50% Rayon / 50% Polyester
- Rayon lifts oil and grease from surfaces with ease
- Traps dirt and dust particles
- Easy-to-clean
- Streak-free & Lint-free Construction
- Single-side printable
- Works best with water – no chemical cleaners needed!

## Ideal for:

- Lint-free dish cleaning
- Chemical-free cleaning
- Kitchen & Bathroom cleaning
- Furniture dusting and polishing

# Special Non-Woven Cleaning Cloth

## Features

- 100% Non-Woven (50% Rayon / 50% Wood Cellulose), 55 GSM
- Eco-Friendly Materials
- Traps dirt and dust particles
- Flushable: breaks down in water

## Ideal for:

- Chemical-free cleaning
- Kitchen & Bathroom cleaning

# Power Scrubbing Sponge

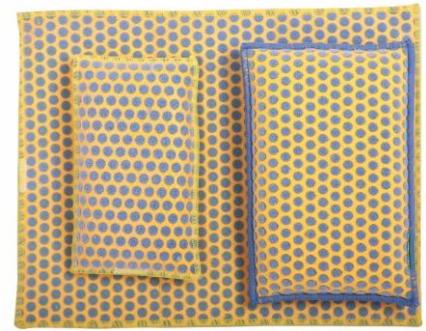

*Powered by Tricol Intelligent Microfiber*

## Features

- Scrubbing Dots remove stubborn dried on food without scratching; any design possible
- Microfiber Side rinses out perfectly leaving a streak-free finish
- Scrub Side: 75% Polyamide / 25% Polyurethane
- Terry Side: 80% Polyester / 20% Polyamide

## Ideal for:

- Kitchen Sinks & Counters
- Dishware & Glassware
- Appliances

# Kitchen Surfaces Sponge Set

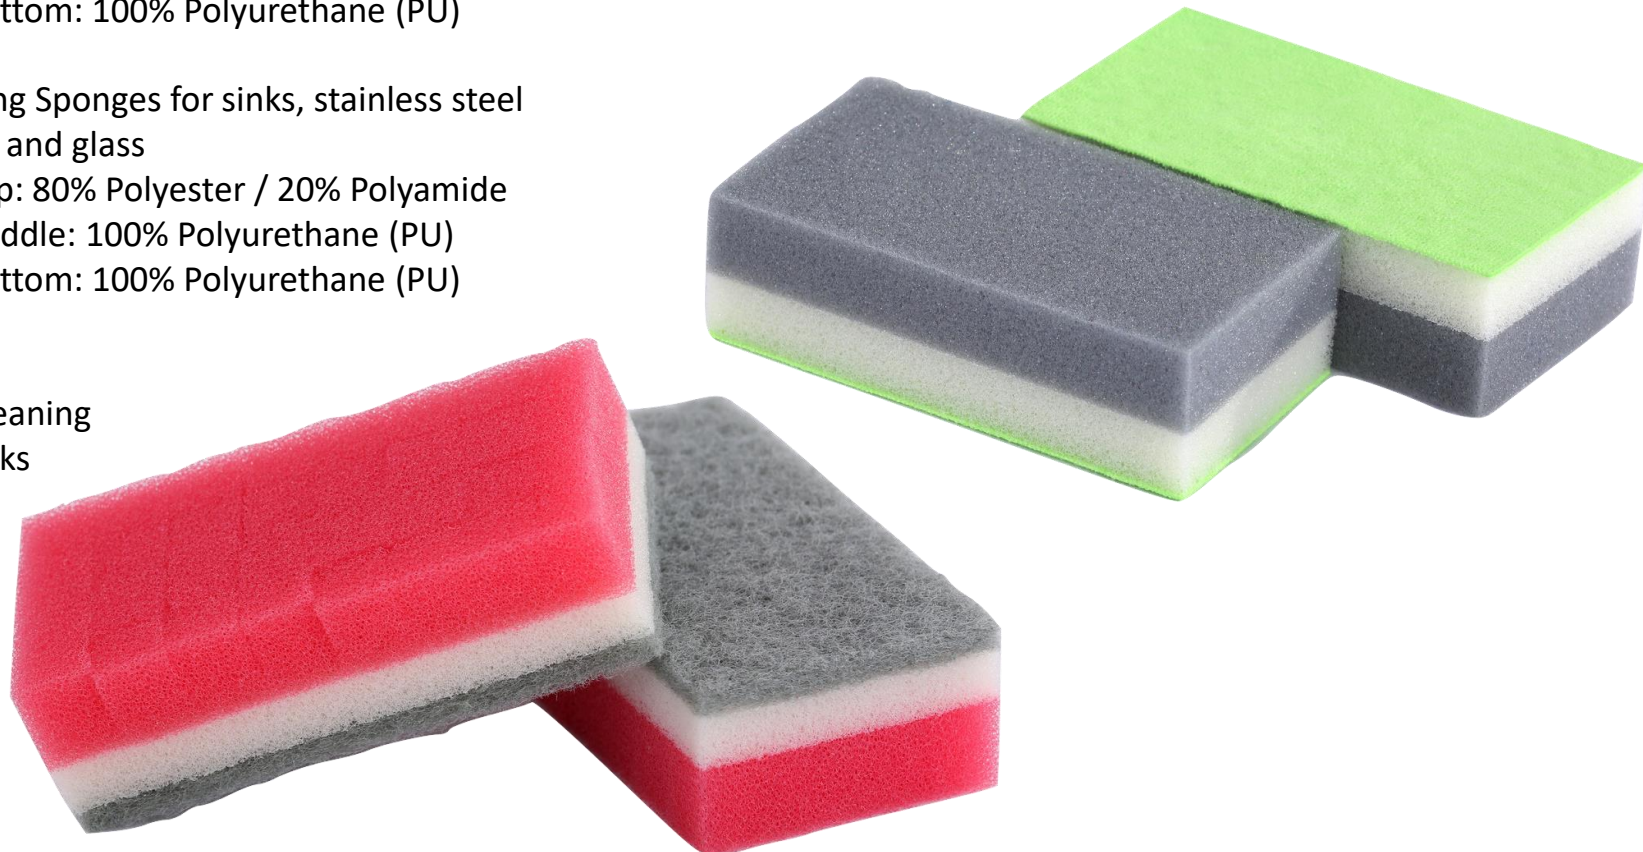

*Powered by Tricol Intelligent Microfiber*

## Features

- 2 Cube-Cut Sponges for flexible cleaning, including wire racks and other difficult surfaces
  - Top: 100% Polyester
  - Middle: 100% Polyurethane (PU)
  - Bottom: 100% Polyurethane (PU)
- 2 Polishing Sponges for sinks, stainless steel surfaces, and glass
  - Top: 80% Polyester / 20% Polyamide
  - Middle: 100% Polyurethane (PU)
  - Bottom: 100% Polyurethane (PU)

## Ideal for:

- Metal Cleaning
- Wire Racks

# Jacquard Woven Fabrics

*Powered by Tricol Intelligent Microfiber*

## “Waffle Weave” Fabric Features

- Increases abrasiveness without harming delicate surfaces
- Increases surface area for more absorption and faster drying
- Lasts over 300 washings
- 80% Polyester / 20% Polyamide

## Ideal For:

- Chemical-Free Cleaning
- Polishing
- Wiping away grease & grime
- Lint-Free / Streak-Free Finish
- Dishes, counters, tables, stovetops, ovens and appliances

# Multi-Purpose Heavy Duty Cleaning Cloth

*Powered by Tricol Intelligent Microfiber*

## Features

- Extra wide polypropylene (PP) stripes ideal for scrubbing and scouring the toughest messes.
- Terry microfiber stripes rinses out perfectly leaving a streak-free finish

## Ideal for:

- Kitchen & Bathroom Surfaces
- Glass Stovetops & Ranges
- Caked-on messes
- Bathtubs & Showers

# Digital Screen Cleaning Kit

*Powered by Tricol Intelligent Microfiber*

## Features

- 80% Polyester / 20% Polyamide
- Weft Mesh Construction intended to clean and polish electronic screens without the need for water
- 3 Piece Set include individual cloths for mobile phones, computer monitors and television screens

## Ideal for:

- Interior Car Surfaces & Infotainment Consoles
- Mobile Phones & Tablets
- Desktop Computer Monitors & Screens

# KTL Sports Towel – Compressed Packaging

*Powered by Tricol Intelligent Microfiber*

## “KTL” Fabric Features

- Durable with Plush Handfeel
- Increased surface area for more absorption and faster drying
- Wicks away sweat from skin
- Lasts over 300 washings
- Odor Resistant
- 80% Polyester / 20% Polyamide
- Any compressed shape possible

## Ideal For:

- Yoga Towels
- Fitness / Gym Towels
- Travel Towels

# FBZ Sports Towel – Compressed Packaging

*Powered by Tricol Intelligent Microfiber*

## “FBZ” Fabric Features

- Lightweight with Plush Handfeel
- Absorbs 8x faster than normal terry cloth
- Wicks away sweat from skin with ease
- Lasts over 300 washings
- Antibacterial Rate  $\geq 99.9\%$  without any need for antibacterial chemicals and agents
- 80% Polyester / 20% Polyamide
- Any compressed shape possible

## Ideal For:

- Yoga Towels
- Fitness / Gym Towels
- Travel Towels

# What Sets Us Apart

## The Tricol Advantage:

| ONE   | TWO   | THREE  | FOUR   |
|---|---|--|--|
| <b><u>Research &amp; Development DNA</u></b> <ul style="list-style-type: none"> <li>Onsite R&amp;D Team</li> <li>Major partnerships with global brands, research institutions and universities</li> <li>Guided Journey Approach with every customer</li> <li>Growing Library of patented textile technologies, proprietary materials and fabrics</li> </ul> | <b><u>Performance Materials Innovator</u></b> <ul style="list-style-type: none"> <li>Top 20 global producer of combination microfiber</li> <li>Patented innovations in natural and synthetic fabrics</li> <li>Focus on Performance Technology</li> <li>On the Edge of Innovation, Always</li> </ul> | <b><u>Responsible Supply Chain Practices</u></b> <ul style="list-style-type: none"> <li>Ongoing Supply Chain Transparency Commitment</li> <li>Environmentally-Conscious Products &amp; Manufacturing Processes</li> <li>Quality-First Approach</li> <li>Safe &amp; Positive Work Environment Initiative</li> </ul> | <b><u>Vertical Sourcing Partner</u></b> <ul style="list-style-type: none"> <li>Collaborative Partnerships</li> <li>Optimize Cost-to-Market</li> <li>Increase Speed-to-Market</li> <li>Improve Quality-to-Market</li> </ul> |

## Strengths at a Glance:

- Large manufacturing capacity
- Vertical production line for household cleaning products, home textiles and premium microfiber products
- Management Systems: ISO9001 / 14001 / 18001
- 20+ years of experience in research & development of textile technology, retail and commercial global sourcing, private label and global partner collaboration
- Purveyor of Innovation

# Facilities

## China Operations

- 11 facilities located in the Shandong Province of China
- 4 finished product facilities, within 2 hours of Qingdao port
- On-Site Research & Development Team located in Weifang
- Owner & Operator of the largest Chitosan fiber and weaving plant in China
- China's first and largest combination microfiber production, supporting fully vertical production

## US Operations

- US Operations & Sales Office in Seattle, WA
- Domestic Warehousing (4,000 ft<sup>2</sup>) & Distribution from SeaTac, WA and Los Angeles, CA
- Collaborative Sales & Inventory Forecasting for Retail Customers
- E-Commerce Channel Support: Order Fulfillment, Dropship Capable
- In-house marketing, product design & development team
