

GREYSTONE. Rocky at heart.

Much like its marmorized surface portrays, the GREYSTONE line by Moneta holds its strength in the ability to endure “bad habits”. Pretty on the outside, it is unscratchable on the inside thanks to the ARTECH® STONE non-stick coating. Engineered to withstand the hardest of tests while guaranteeing reliable cooking performances, it has an eco-centric quality. In fact, in virtue of its Energy-saver® device it prevents any unnecessary loss of heat.

GREYSTONE. Cuore di pietra.

Anche il suo look effetto pietra ribadisce quanto la serie Greystone di Moneta abbia nella resistenza alle “cattive abitudini” in cucina il suo punto di forza. Fuori è bella, dentro è inscalfibile grazie al rivestimento in Artech® Stone, antiaderente capace di superare le prove più ardimentose, garantendo cotture sempre uniformi. E senza sprechi: l’eco-dispositivo di risparmio energetico Energy Saver® evita qualsiasi inutile dispersione di calore.

MONETA HISTORY

warranty garanzia

5 Year Limited Household Warranty

Moneta U.S.A. (Range Kleen Mfg., Inc., exclusive North American distributor) warrants cookware to be free from defects in workmanship and materials under normal household use to the original purchaser. Nonstick coating is guaranteed not to peel off under normal household use. Marring of nonstick is normal and does not affect the nonstick properties. To maintain your cookware, we recommend you follow the Use and Care instructions carefully.

During this period, Range Kleen Mfg., Inc will repair or replace, at it's option, any defective item returned to Range Kleen with original purchase receipt. If the item is out of production, an item of similar value and function will be substituted. Commercial use of this product voids this warranty. Incidental or consequential damages are not covered by this warranty. This warranty is non-transferable.

This warranty will not cover damage caused by misuse of the product in direct opposition to the supplied use and care. All discoloration, scratches and stains, or other signs of misuse or abuse of the cookware that do not affect the function of your cookware, is not covered under this warranty.

This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

technical information: GREYSTONE

Forged 3.0mm aluminium • ARTECH® STONE Non-stick Coating Interior • Matching non-stick exterior • Grey Bakelite Handles with energysaver Thermo-chromic Flame Guard • To be used with Accessory Glass Lids

GREYSTONE

ARTECH® STONE

moneta

made in italy since 1875.

ARTECH® STONE

Ideal for low-fat cooking, perfect for fast searing, and sauté dishes. Non-stick ARTECH® STONE guarantees higher durability standards in terms of both resistance to abrasion and corrosion.

- > EXTREMELY RESISTANT TO SCRATCHES, WEAR AND TEAR, METAL UTENSILS
- > IDEAL HEAT DISTRIBUTION FOR EVENLY COOKED MEALS
- > DISHWASHER-SAFE

Ideale per cucinare con pochi grassi, per scottare i cibi e per cotture veloci e al salto, Artech® Stone garantisce performance superiori a quelle dei normali strumenti antiaderenti.

- > ESTREMAMENTE RESISTENTE AI GRAFFI, ALL'USURA, AGLI UTENSILI
- > LE COTTURE SONO SEMPRE UNIFORMI

1. TOP COAT WITH HIGH RELEASE PROPERTIES
Sirato antiaderente ad alta prestazione
2. MARMORIZED POLYMERIC MATRIX SYSTEM
Puntinatura cromatica a matrice polimerica come rinforzo
3. MEDIUM LAYER OF MINERAL PARTICLES AND ANTI-ADHESIVE MOLECULES COMPOSIT
Sirato misto con particelle minerali e resina antiaderente per una lunga durata
4. REINFORCED BASE COAT WITH MINERAL FILLERS
Sirato di base con particelle minerali per una superiore resistenza

suitable for most cooktops (not induction compatible)
suitable for oven use up to 300°F
Dishwasher-safe, hand washing recommended

per tutti i fuochi
adatta per il forno

When this logo appears on the thermo-chromic flame-guard, near the handle, it indicates that the desired cooking temperature is reached. Therefore it is possible to lower the heat, as the aluminium body will maintain the temperature. Once the heat is off, the logo will in time disappear, and that indicates that the temperature of the cookware is safe to be touched.

- > ENERGY SAVING
- > PRESERVES THE COATING
- > AVOIDS HEAT DISPERSION
- > HELPS MAINTAIN THE NUTRITIONAL ELEMENTS

Quando compare il logo sulla ghiera termocromica posta ad anello sulla base del manico si è raggiunta la temperatura ideale ed è quindi possibile diminuirla. Terminata la cottura, quando scompare si può maneggiare senza correre il rischio di scottarsi.

- > RISPARI ENERGIA elettrica
- > PRESERVI LA tua PENTOLA
- > CUCINI SENZA SPRECHI
- > NON ROVINI LE FIBRE DEGLI ALIMENTI
- > NON ti scotti
