14oz

Improve your Craft-Beer experience with Cuisivin's specially-designed Craft Beer Glasses!

The new set of signature glasses is specially designed for a full sensory experience. The curvatures of the glass first capture...and then release the unique aromatics of the beer as you drink. The inclined taper is perfect for supporting and retaining a full foamy head. The FizzUp Beer glass is specially designed with a laser etched bottom to provide enhanced flavour and freshness with a longer-lasting head. Dishwasher safe.
