

innovative solutions for smart parenting

Product Overview

Innobaby's **award-winning** smart solutions respond to a **variety** of parenting challenges during the **early years...**

Dedicated to deliver high quality, smart juvenile products for today's busy parents, Innobaby is a pioneer in well-designed, eco-friendly containers that are 100% recyclable.

All Innobaby products are made with non-toxic, highest quality food grade materials that are bisphenol-A (BPA) free, phthalate free, pvc free and lead free.

Introducing an on-the-go food & bottle warmer that requires no electricity! Specially designed stainless bottle/container and warming pod work together to produce optimal feeding temperature in minutes anytime, anywhere. Just add water to eco-friendly, biodegradable non-toxic heat packs to create the heat just when needed. This family-friendly solution allows you to instantly warm baby bottles and more while traveling, camping, and keeping up with busy schedules. Enjoy warm food and drinks anytime, anywhere!

In order to keep our young ones healthy, we want to build beneficial eating habits and introduce nutritional foods like vegetables, whole grain and fruits from early on. This seal represents smart solutions for making meal time fun so that even the pickiest eaters can become smart eaters.

Healthy eating starts with homemade food. With our busy lives, it is very difficult to make a gourmet meal every day. This seal represents smart solutions for keeping food fresh to preserve nutrients and freshness. Innobaby's Keepin' SMART containers are ideal for on-the-go as they feature leakproof air tight seal.

Parents today are busier than ever and gearing up for outings with their young ones takes quite a bit of planning and packin'. This seal represents smart solutions for packing on the go with travel-friendly features and innovative design.

Meal prep has never been easier! From baby purees, fruits, veggies, breastmilk and more, you can prep ahead for all your family feeding needs. This seal represents smart solutions for meal prep and includes space-saving easy-to-pop freezer trays, individual freezer-safe & leakproof containers. Prepare healthy portions for your family. Create your own fruit cups, parfaits and other nutritious treats!

Transitioning from nursing or bottle-feeding to a regular cup is a great milestone for babies. This seal represents smart solutions for transitioning and teaching toddlers to confidently drink from a cup while minimizing mess for parents.

Teething can be an ordeal for both babies and parents. This seal represents smart solutions for babies' sore gums and oral development featuring lightweight, durable easy grip design.

Innobaby has made many appearances in the media to build branding and to help busy parents stay better organized when traveling or just around the house. With these features on television and in editorials, as well as our awards and honors, Innobaby strives to be the best in show and market for all parenting needs.

Editorial features include: Parents Magazine, BabyTalk, Pregnancy & Newborn along with many other distinguished publications.

Introducing an on-the-go food & bottle warmer that requires no electricity! Just add water to eco-friendly, biodegradable non-toxic heat packs to create the heat just when needed. This family-friendly solution allows you to instantly warm baby bottles & more while on the go. Enjoy warm food and drinks anytime anywhere!

Aquaheat Kitchen On-The-Go

No microwave? No electricity? No Problem! How does it work?

**all
you
need is
water
to activate**

Step 1

Place heat pack in pod.

Step 2

Add water to heat pack.

Step 3

Once heat is activated,
place stainless in pod.

Step 4

Cover container
while warming food.

- ❶ Create heat anytime anywhere to warm food and beverages including baby bottles.
- ❷ Eco-friendly non-toxic biodegradable heat packs activate with just a little water.
- ❸ Single use packets create heat and last up to one hour to warm multiple bottles or even cook!
- ❹ WARM heat packs are specially designed to warm baby food and baby bottles. Warm baby bottles in as little as 2 minutes!
- ❺ HOT heat packs can create boiling temperatures, so cook, reheat, warm and sterilize while on the go.
- ❻ Stainless bottle and container are made with high-quality durable 18/10 stainless steel.
- ❼ Each starter pack comes with a neoprene sleeve which help retain heat longer & also protect your hands from heat.
- ❽ Complete your lunch solution with heat packs & ice packs to enjoy both cold and hot lunch!
- ❾ Insulated lunch bag is perfect for keeping foods cold while on the go until ready to warm! Lunch bag is designed to comfortably fit Aquaheat MEGA food warmer.
- ❿ Make it a gift! Bottle Warmer Starter Set is a great gift for expecting moms. Food Warmers are great for anyone on the go & also for emergencies, so it makes a great unique gift for anyone! Great for holidays!
- ⓫ All Aquaheat heat packs, containers and bottles are made in South Korea. Lunchbag & ice packs are made in China.
