

# ekobrew™

Convenience with a Conscience™

A NEW KIND OF SINGLE SERVE COFFEE

# Save Hundreds of Dollars a Year with an **ekobrew™** reusable filter!

You can save up to 70% over the cost of K-Cup® packs by using your own coffee with an **ekobrew™** reusable filter. In a household where two people each make a daily cup of coffee, it's easy to consume 700 K-Cup® pods per year. A pound of coffee will yield 55 **ekobrew** cups with the additional benefit of choosing your own coffee! In a conservative comparison, a \$10 pound of coffee comes to 20 cents per cup using **ekobrew**, compared to 70 cents for each K-cup.®

# Fill . Clean . Reuse . Save

These simple and cost-effective Keurig® 1.0 and 2.0 compatible filters open up a host of coffee drinking options to you. Do you have a favorite roaster, blend, or flavor you love?

Now you can take charge and have a better coffee drinking experience. Just buy the reusable filter, follow our easy instructions, and enjoy your next cup knowing that you're saving money *and* helping the environment.

## Classic Series - Single Cup

Reusable Single Cup Filter for Keurig® and K-Cup® compatible single serve brewers

- Keurig 1.0 and 2.0 compatible
- Made in the USA
- Eco-friendly
- Save up to 70% on coffee
- Easy to use and clean, dishwasher safe
- No filter holder removal needed
- 100% BPA free

**An economical and eco-friendly alternative to K-Cup packs for millions of Keurig owners.**

**Available in 3 colors:**

## Classic Series - Carafe Cup

Reusable carafe filter for  
Keurig® 2.0 multi-cup brewers

- Eco-friendly
- Made in the USA
- Save up to 70% on coffee
- Easy to use and clean, dishwasher safe
- No filter holder removal needed
- 100% BPA free

**An economical and eco-friendly alternative to  
K-Cup packs for millions of Keurig owners.**

### Brew Tip:

We recommend that you professionally grind  
your coffee at a roaster or buy it pre-ground  
using a medium drip grind.

## Convenience with a Conscience

K-Cup® packs and their packaging must be discarded after use. This is expensive and it creates waste. This is a real burden on the environment. An **ekobrew™** filter will last years when properly cared for. Use your favorite coffee in the **ekobrew** reusable filter, and help save the environment.

## Elite Series - Stainless Steel

Reusable single cup filter for Keurig® and K-Cup® compatible single serve brewers

- Keurig 1.0 and 2.0 compatible
- Eco-friendly
- Made in the USA
- Save up to 70% on coffee
- Easy to use and clean, dishwasher safe
- Durable stainless steel construction
- No filter holder removal needed

An economical and eco-friendly alternative to K-Cup packs for millions of Keurig owners.

### Brew Tip:

You can use any type coffee. Many coffee experts recommend single origin varietal coffee. There are countless different flavors, each with their own unique nuance, from all over the world. "Best" is what is best for you – it's what makes coffee so wonderful!

## Paper Filters

100 Count Paper Filters compatible in most reusable filters for Keurig® and K-Cup® single cup brewers

- No sediment
- Biodegradable
- Low cost per use
- Fits all reusable filters
- Easy clean up

An optional inexpensive and biodegradable solution for a no-sediment experience when using single serve reusable filters.

## Brewer Cleaning Tablets

Cleaning tablets designed for Keurig® and K-Cup® Single cup brewers

- 10-count pack
- Easy drop tablet
- Eco-friendly
- Cleans oily residue
- Low cost per use
- Made in the USA

#### Brew Tip:

Remember that keeping your **ekobrew™** brewer and filter clean is important when it comes to taste. Wash your **ekobrew** filter once a week in the dishwasher, or soak it in a vinegar and water solution for one hour, to remove oils that collect in the screen.

### Universal Single Cup Brewer
