# mace<sup>®</sup> BRAND

## defense sprays

Pepper spray allows you to defend yourself at a safe distance outside the arm's reach of an attacker, giving you the chance to escape with time to reach safety. Pepper spray is sometimes commonly referred to as OC spray, since it is made from Oleoresin Capsicum, a natural ingredient derived from hot peppers powerful enough to temporarily impair an attacker when coming in direct contact with their eyes, nose, and mouth. Mace<sup>®</sup> Brand pepper sprays are formulated to be a safe, effective, and less-than-lethal means of personal defense that is legal in all 50 states.

Original Mace<sup>®</sup> Brand Flip & Grip models are uniquely designed to be fumble-free, safe and easy to use.

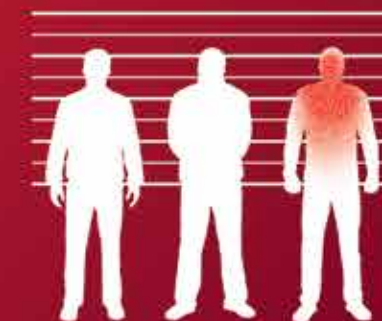

### OC PEPPER

Oleoresin capsicum is a naturally occurring substance derived from hot peppers.

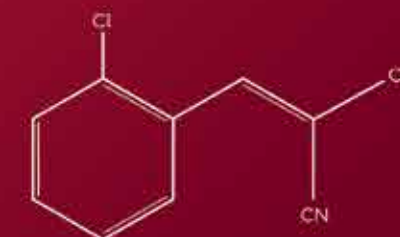

### UV DYE

An invisible marking dye which may help police identify your attacker using ultraviolet light.

### TEAR GAS

Induces profuse tearing, shortness of breath and disorients an attacker.

# safe trainer

## PRACTICE MAKES PERFECT

With the Mace® Brand Water Trainer, feeling prepared has never been so easy! This is all about creating muscle memory. Spray the water trainer at a target or trained professional and it will simulate spraying actual pepper spray without the effects of pepper spray. The Water Trainer uses the Original Mace® Brand Flip & Grip model, but is filled with water! Our Flip & Grip is designed to be fumble-free, safe and easy to use.

**The Personal Safety Kit** includes a paper Training Target for use with the Safe Trainer Water Practice Unit.

The DVD features a presentation by a retired State Police Lieutenant covering important safety tips that can help you avoid becoming the target of a crime; as well as basic techniques to defend yourself in various situations if the need arises.

# triple action

Mace® Brand Triple Action combines our OC Pepper Spray/UV dye combination with the added power of Tear Gas that induces profuse tearing, shortness of breath, and disorients an attacker. The advantage of Mace Triple Action is that you don't necessarily have to spray your attacker directly in the face, even if you miss and hit them in the chest, the tear gas will quickly start to affect them.

## personal protection

In addition to pepper sprays for personal defense, Mace<sup>®</sup> Brand offers a line of portable alarms, safety lights and stun guns for personal protection to help keep you safe.

Imagine being in a situation where you want to scream but you are paralyzed by fear, or you need to get someone's attention for immediate help but have no way of reaching out to the people around you. With a Mace<sup>®</sup> Brand personal safety alarm, you don't have to worry. Mace offers a variety of effective, attention getting personal safety alarms like screechers and whistles that act as a very loud, attention seeking call for help, personal flashers to keep you visible if you are jogging or bike riding at night and even portable multi-purpose alarms that can be temporarily installed on a door and taken with you when you travel. Each Mace personal safety alarm is easy to carry so you'll always have that extra measure of security with you at all times.

## personal protection

Model	Screecher <sup>®</sup> Sonic Blast	Screecher <sup>®</sup> 3-in-1	Flasher Safety Light	Emergency Whistle
Item #	80145	80238	80242	80151
Retail Price	\$9.99	\$16.99	\$10.99	\$5.99
Net Weight	10g			
Blasts	Up to 20			

An aerosol-powered alarm that is compact and safe to carry in a pocket or handbag. It has a push-top activator that is simple to use, and emits a high-pitched 116dB shriek so you can be heard at a distance.

Features a siren that emits a loud 130dB alarm sound and a flashing strobe light so you can be heard and seen at a distance in an emergency. It can be conveniently clipped onto a belt or handbag and used as a pull-strap panic alarm for quick activation and has a button activated utility light that is always handy. Includes a metal clip sensor to be used as window & door intruder alert when traveling.

Ideal for wearing during outdoor activities from dusk to dawn. If you go out jogging or bike riding in the early morning, or walking your dog at night, the flashing strobe light gives you an added measure of safety by keeping you visible. The built-in belt clip and fluorescent adjustable arm strap can also easily attach to children, pets, and sports gear.

Pealess design will never jam, stick, or fail when calling for help and emits a loud distinguishable sound so you can be heard at a distance. With an easy-to-wear fasten clip and adjustable lanyard, this whistle is great for child safety in parks, shopping malls, and other public places.

## security products

Since 2002, Mace® Brand has been a leading manufacturer of professional video surveillance, observation and home alarm products for your home and business.

Our systems use the latest in compression and remote viewing technology while offering peace-of-mind without compromising quality or budget.

The MaceView® HD and MaceView® SQ line of surveillance cameras and recorders give you options of High Definition IP or High Resolution Analog. While our EasyWatch™ systems provide basic video observation with ease-of-installation in mind.

MaceAlert® WI-IFI gives you the power of knowing who and when someone enters your home from anywhere with the free MaceAlert® app. This comprehensive line of wireless motion, door window and pet immune sensors ensures your home and business will be covered.

With advanced features and value-engineered to fit any budget we have the Mace® Brand Security Product to fit your needs.

# maceview<sup>®</sup> HD series

High Definition IP video surveillance for megapixel vision. So affordably simple, you will hate to know what you've been missing.

## MaceView<sup>®</sup> HD Series 4/16/32 Channel Megapixel IP Camera NVRs

MaceView<sup>®</sup> HD network video recorders incorporate all the benefits of Mace's long-standing embedded Linux DVR technology. Engineered for high definition video encoding of Megapixel IP cameras, now you can affordably deploy a full HD 1080p security surveillance system over any IP network with greater flexibility and reach than a traditional analog CCTV system.

The MaceView<sup>®</sup> HD family of NVRs provide efficient network edge camera management and recording with the added benefit of building a distributed system that can scale across multiple facilities. Two or more NVRs can be networked to form a common system with centralized access to viewing all cameras while allowing both local and remote video management.

- Network IP camera discovery, configuration, and control in a single appliance
- View live, record, and playback high definition video over local and wide area networks
- Simultaneous VGA & HDMI 1080P display for local monitoring with on-screen mouse control
- Internet, intranet, and extranet connectivity for Web browser, smartphone, tablet, and multi-site client software
- Mace<sup>®</sup> Brand quality with 24-month hardware warranty and U.S.A. based toll-free technical support

Professional video surveillance for business & home protection without compromising security, quality, or budget.

## MaceView® SQ Series

4/8/16 Channel VA 1U Slimline Desktop DVRs

MaceView® digital video recorders are built for the performance demands of 24-hour professional surveillance. Designed as an embedded Linux network appliance, the VA Slimline model DVRs provide high reliability with a cost-effective approach to capture, storage, and retrieval of video and audio for comprehensive security on any budget. The variety of models with comprehensive features, simplicity of operation, and competitive price position of MaceView® surveillance DVRs, provide exceptional choices for residential and commercial business security camera installations.

- View live, record, and playback high quality H.264 video with synchronized G.711 audio
- Simultaneous VGA & HDMI 1080P display for local monitoring with on-screen mouse control
- Time line and smart motion search with multi camera synchronous playback
- Alarm input sensing for video event triggering, output control, and e-mail notification
- Compatible with:
  - Internet Explorer™, Google Chrome™, Mozilla Firefox™, Safari™
  - iPhone, iPad, Android, Windows Phone, Blackberry
  - Windows and Mac

## RJ11e Video Observation System

The EasyWatch observation monitor includes a plug-n-play 17" industrial quality LCD with screen protector and built-in speakers has four RJ11e connections that delivers power, video, and audio over a single cable per camera. Auxiliary audio & video ports allow you to add additional speakers, route main display to a secondary composite monitor, and switch to VGA viewing of a PC or DVR. with multi-screen viewing option.

View in quad, split, single image and full-screen auto sequencing modes. Camera options include IR night vision bullet camera with night-vision and hidden camera in PIR motion detector housing for a complete observation system solution.

 Supports Easy-to-Connect RJ11e Cameras

EWO-17LCD-RJ11	Video Observation Monitor
Maximum Resolution	1280 x 1024
Luminance	300 cd/m <sup>2</sup>
Contrast	800:1
Visual Angle	150°/150°
AV Input	4-ch RJ11e Jack; 1-ch VGA
Video Output	1-ch RCA (1-ch RCA Audio Output)
Power Source	100-240V - 50/60Hz; DC12V/5A
Power Consumption	Maximum 35W
Weight	8.27 lbs (3.75 kg)
Operating Temperature	Temperature: 32°F - 122°F (0°C - 50°C) Humidity: 10% - 85% (non-condensing)
Dimensions	380 mm x 365 mm x 50mm (W x H x D)
Price	\$699

MVSG-IRB4A	IR Bullet Camera with Night-Vision
Image Sensor	1/3" SONY Super HAD II CCD
Resolution	700 TV lines (Color)
Video Output	1.0Vp-p / 75Ω Composite, RJ11e
Lens	Board Lens: 4.3mm
IR Distance	15m (18 pcs IR LED)
Audio	Built-In Mic
Operating Temperature	14°F to 122°F (-10°C to 50°C)
Weather Resistant	IP66
Price	\$109

EWC-PIR-RJ11	Hidden Camera in PIR Motion Detector Housing
Image Sensor	1/3" SONY CCD
Resolution	550 TV lines (Color)
Video Output	1Vp-p / 75Ω Composite, RJ11e
Lens	Pinhole 3.7mm
Operating Temperature	14°F to 122°F (-10°C - 50°C)
Regulatory Compliance	CE, FCC
Price	\$119

## Mace Alert®

WI-FI Security Alarm System

**Affordable security for your home or office with no wiring, phone lines or recurring monitoring service charge.**

The MaceAlert™ WI-FI - Wireless Alarm System is designed for customers seeking basic security and protection without the complexity and cost of monitored systems from professional alarm companies. The system's control panel and sensors use wireless communications technology for easy installation while maintaining reliable detection of anyone gaining access through protected windows, doors, and passageways.

Whether seeking a security solution for intruder deterrence, or monitoring the safety of elderly family members and toddlers when wandering into unsupervised areas, the MaceAlert™ WI-FI system gives you peace-of-mind by instantly alerting when a protected opening or passageway has been breached. MaceAlert™ WI-FI even alerts against unwanted entry into detached garages, storage sheds, gun cabinets, liquor cabinets, or anything that can be opened.

### SYSTEM INCLUDES

- (1) Wireless Control Panel with AC Power Adaptor (Li-ion Battery Included)
- (1) Wireless Keychain Remotes (12V Alkaline Batteries Included)
- (2) Wireless Surface Mount Window/Door Sensors (2 X Aaa Alkaline Batteries Not Included)
- (1) Pir Motion Sensor. Mounting Hardware, Quick Start Guide, and User Guide.

Model	Mace Alert® Kit	Pet Immune PIR Sensor
Item #	MAW-WA-SYS	MAW-WA-PI
Retail Price	\$249.99	\$39.99

Wireless 8-Zone programmable alarm panel with window/door sensors and remote controls

Built-in 120dB siren, blue LCD display and backlit touch keypad

- Conveniently control system arming, disarming, and panic from panel keypad and keychain remotes
- Customize and expand with unlimited wireless sensors for maximum property coverage within 450 ft range
- Battery back-up with AC power fail and low battery notification
- Chime sound and alarm siren alerting with 4 operational modes - ALARM, ALERT, HOME, STANDBY
- Entry & exit delay times for ALARM mode arming and disarming
- 12-Month Warranty and USA based technical support

Increase your awareness with the enhanced Pet Immune PIR sensor with dual stage motion sensors.

## wireless home security system

The Mace® Brand Wireless Home Security System is a complete do-it-yourself alarm system with a built-in auto dialer, you can easily install and self-monitor for protection while at home or away. When triggered, the local 105 dB alarm siren activates and the system will dial up to 5 pre-programmed emergency contact phone numbers to deliver your pre-recorded message, allowing one to remotely listen-in and broadcast a voice warning to the intruder, or disarm and reset the system remotely.

The system requires a telephone line with tone dialing for autodialer feature.

Model	Wireless Home Security System	Door/ Window Sensor	Motion Detector Sensor
Item #	80355	80356	80357
Retail Price	\$139.99	\$36.99	\$39.99

- (1) Main keypad controlled LCD display alarm panel with built-in auto dialer, integrated audio microphone and 105dB alarm siren, a 6ft. phone line cord, an AC power adapter, and a 9V battery included for back-up power
- (1) Door/Window Sensor
- (1) Motion Detector Sensor
- (1) Remote control with instant panic alarm button, includes three LR44 batteries, and has a wireless transmission range up to 100 feet (30 meters) from main control unit.
- user manual, window security warning decals, batteries, and mounting hardware

**Can also be used as a standalone alarm**  
The alarm will sound if the magnetic contact field between the sensors is broken by the door or window being opened.

Detect movement in hallways, stairwells and other open areas with passive infrared motion detection

Model	Outdoor Siren	Temperature Sensor Alarm	Water Overflow Sensor Alarm	Garage Door Sensor	Wired Magnetic Contact Switch	Slimline Door/Window Sensor
Item #	80358	80373	80372	80360	80374	80370
Retail Price	\$69.99	\$49.99	\$29.99	\$39.99	\$14.99	\$29.99

**Use with #80355**  
When the alarm of the Wireless Home Security System's main control unit is triggered, it activates the Outdoor Siren's 110 dB alarm and flashing LED light

**Can be added to #80355 or used as a standalone alarm**  
Detects low temperature and high temperature extremes

**Can be added to #80355 or used as a standalone alarm**  
Detects water overflow or flooding. The alarm activates if the contact sensor becomes submerged in water.

**Use with #80355**  
Provides monitoring for overhead garage doors and outdoor slide or swing gates. When the door or gate is opened, the unit will send a wireless signal to the main control unit and trigger the alarm

**Use with #80355**  
Install a single hard-wired surface mounted magnetic contact switch or several switches, wired in series, to expand the coverage area of the system. This is ideal for monitoring doors, windows, and sliding doors.

**Use #80355**  
Detects vibration or the opening of a door or window, which will send a signal to the control unit, triggering the alarm and autodialer.

# entrance & motion alarms

Model	Motion Alert Plus	Motion Alert
Item #	80350	80200
Retail Price	\$39.99	\$29.99

Easy to install alarm with an adjustable passive infrared sensor head that detects movement within a 110 degree radius up to 32 feet (10 meters) away. Remote key fob with arm/disarm and panic button feature. Operates with 9 volt battery or AC adapter, not included.

- 105 dB alarm
- Programmable security code, entry delay and alarm timing
- Easy to install, wall-mounted (hardware included) or place on a tabletop or shelf
- Alarm/Door chime mode
- Includes (2) magnetic sensors that can be wired to the unit for use on doors and windows (wires not included)

Easy to install alarm with an adjustable passive infrared sensor head that detects movement within a 110 degree radius up to 32 feet (10 meters) away. Operates with 9 volt battery or AC adapter, not included.

Model	Portable Alarm	Window Alert	Entrance Alert	Entrance Guard	Sliding Guard	Digital Door & Window Alarm
Item #	80379	80202	80201	80205	80206	80207
Retail Price	\$16.99	\$11.99	\$11.99	\$15.99	\$24.99	\$21.99

Provides valuable protection for you and your belongings. The alarm may be temporarily installed on a door, carried as a personal alarm or taken with you when you travel.

Detects window tampering or breakage

Ideal for use on doors and windows to detect unwanted entry

Secure a door or window with 400 lbs. of stopping force. When pressure is applied, the 115 dB alarm sounds helping to deter the forced entry.

Affordable protection for sliding windows and doors. Forced entry triggers alarm.

Use on doors and windows to alert to unwanted entry. Easy wireless installation. Adjustable entry delay. Digital password required to disarm alarm.

# Jammer

These secondary locking devices for doors, windows and sliding glass doors are an added measure of security to protect your home from unwanted entry.

Model	Big Jammer Door Brace	Jammer Door Brace	Jammer Sliding Glass Door Clamp
Item #	80115	80116	80124
Retail Price	\$29.99	\$34.99	\$5.99

This adjustable door brace is made from strong 20 gauge steel and has a clean, baked enamel finish that is attractive for indoor use. It installs easily under the door knob to prevent the door from being opened. The Big Jammer adjusts to fit most hinged doors and can also accommodate sliding glass doors by removing the end caps. (Packaged on backcard, as shown.)

A security bracing pin provides added strength by locking the Big Jammer at the adjusted height.

This adjustable door brace is designed especially for the traveler. The unique tri-tube design allows the unit to compact to a small 24" overall length, which easily fits into most suitcases. Constructed from strong 20 gauge steel, the clean, baked enamel finish is attractive for indoor use. The Jammer installs easily under the door knob to prevent the door from being opened. Adjusts to fit most hinged doors and works to secure sliding glass doors by removing the end caps. (Packaged on backcard, as shown.)

Clamps onto the track of sliding glass doors and onto metal window frames to prevent entry.
